1   **PREAMBLE -- A PARTNERSHIP FOR QUALITY EDUCATION**

2  
3   The Tumwater Education Association and the Tumwater School District share the goal of quality  
4   education in Tumwater. We are committed, both as organizations and as individuals within  
5   those organizations, to strive for a working relationship focused on providing the best possible  
6   learning environment for students. We are further committed to building an ongoing partnership  
7   anchored in our joint advocacy for students and for public education, a partnership that will  
8   continue beyond the tenure of those currently in leadership in our respective organizations. We  
9   believe such a partnership is strongest when based upon mutual trust and respect, shared beliefs,  
10   and a commitment to making that partnership work. We also believe such partnerships among  
11   all stakeholders in Tumwater’s public schools, including parents and guardians, support staff,  
12   administrators, community members, and students, can provide a strong basis for improving  
13   public education. Finally, we agree to work together to further integrate these shared beliefs,  
14   commitments, and practices throughout this collective bargaining agreement.

1 **ARTICLE 1 -- SITE-BASED DECISION-MAKING**

2  
3 **A. Site-Based Decision-Making Definition.**

4 The Association and District share the goal of quality learning in a caring and equitable  
5 environment. As a means of achieving that goal, the parties agree to the process of site-  
6 based decision-making.  
7

8 The purposes of site-based decision-making are to place decision-making close to the  
9 instructional delivery system and to increase each site's flexibility to respond to the needs  
10 of its own communities, the changing educational environment, and the district strategic  
11 plan. These changes give site members more decision-making authority but, at the same  
12 time, place more accountability for results at the site. Site-based decision-making can  
13 also give site members more latitude at their own site.  
14

15 Site-based decision-making does not mean an abdication of authority and responsibility  
16 at the district level. The District office will still provide strategic direction and beliefs,  
17 coordinate efforts across sites, evaluate the effectiveness of individual sites, and be a  
18 source of expertise and support. The relationship between the site members and district  
19 office is dependent upon collaboration and mutual influence.  
20

21 Site-based decision-making is a joint planning and problem-solving process that  
22 incorporates the following elements:  
23

- 24 1. Responds to diverse educational needs, with particular focus on racial and social  
25 justice.
- 26 2. Departs from traditional management practices
- 27 3. Shifts decision-making from a centralized process to a shared process involving  
28 certificated staff, classified staff, administrators, community and parents, and  
29 students, where appropriate
- 30 4. Requires time, commitment, and trust
- 31 5. Empowers educational employees and increases the involvement of all staff in the  
32 educational process
- 33 6. Reaches the goal of improved achievement and instruction

1 B. **Site-Based Decision-Making Operating Principles.**

2 Site decisions shall be made in accordance with the following operating principles:

- 3
- 4 1. All decisions will comply with board policies, state laws, or any of the collective
- 5 bargaining agreements that affect staff members.
- 6
- 7 2. Decisions will be made with the involvement of community members and parents,
- 8 the district office through site partners, the school board, the unions, and students.
- 9
- 10 3. Decisions will bring sites closer to achieving district-wide strategic outcomes and
- 11 will move the site toward improved student learning, with a particular focus on
- 12 traditionally marginalized student populations.
- 13
- 14 4. Decisions will bring collective responsibility and accountability through the site
- 15 team process and team structures.
- 16
- 17 5. Decisions will include an evaluation component that reviews the effectiveness of:
- 18
- 19 a. the process through which the decision was made and
- 20
- 21 b. the product--the results of the decision.
- 22
- 23 6. All decisions will be made collectively, without the ability of any individual to veto
- 24 a site decision.
- 25
- 26 7. If a site, or program such as Pre-School or any other as defined by Article 2, wants
- 27 to waive a provision of the union contract, it must get the approval of the Article 2
- 28 Group. Waivers will require 90% approval of members assigned to the site or
- 29 program and will be reviewed annually at each site or within each program.
- 30
- 31 8. If an individual or site has a concern that a contractual issue has not been
- 32 appropriately addressed at the site or program level, they may make a request to the
- 33 Article 2 Group for assistance. The Article 2 Group will discuss the concern and
- 34 determine a follow-up plan which may include convening an assistance team to
- 35 facilitate problem-solving. The team will be composed of an equal number of
- 36 members selected by each party. The team may assist the site or program with its
- 37 decision-making process, role clarification, conflict resolution, specific trainings, or
- 38 other issues that might arise.
- 39
- 40
- 41
- 42

- 44
- 45
- 46
- 47

C. **Expectations Checklist for Site Planning – The Process.**

Every site will create a plan for the year. In order to assure greater success in creating and implementing this plan, each site will incorporate steps 1 through 16:

1. Develop and/or review operating principles for working together at the site
2. Identify major areas of decision-making at each site and establish the structures and processes for making those decisions
3. Move the site toward improved learning and teaching
4. Incorporate the operating principles for site-based decision-making
5. Identify needs, including the site's staff development needs
6. Prioritize needs
7. Set site goals
8. Create a written site plan and a schedule to implement the plan (can be multi-year)
9. Allocate resources according to identified priorities
10. Devise a process to report site team activities regularly to the entire site
11. Devise a process to evaluate the plan, including:
  - a. The product--the results of the plan
  - b. The process used to create and implement the plan
12. Continue to define and clarify the relationship between the site team and other leadership/governance structures at the site.
13. Develop and expand leadership opportunities within the total school community.
14. Increase access and involvement by the total school community, including students, parents and community members.
15. Develop and implement an ongoing strategy to effectively assess and work to improve staff, parent, and student satisfaction with the learning environment and working climate at each site.
16. Participate in other activities mutually agreed upon by the District and the Association.

1 D. **Site Planning – The Product.**

2 In addition to regular site planning, each site is strongly encouraged to undertake the  
3 following:

- 4
- 5 1. Develop creative internal strategies and/or recommendations to the Article 2  
6 Group, or an ad hoc staffing advisory committee appointed by the Article 2  
7 Group, to respond effectively to staffing and class size issues.
  - 8 2. Develop an effective strategy for identifying and meeting staff development needs  
9 at the site.
  - 10 3. Create a plan to generate additional planning/thinking time.
  - 11 4. Generate plans to access additional resources to assist teachers working with  
12 special needs students.
- 13

14 E. **Site Team/Leadership Funding.**

- 15
- 16 1. In recognition of both parties' joint commitment to site-based decision making,  
17 funding will be provided for site teams at the following levels. Sites may determine  
18 the number of site team members and the actual amount of compensation provided  
19 each member. Sites wishing to supplement site team funds from the building  
20 budget, or wishing to use time-sheets instead of stipends as the manner of payment  
21 to site team members, may do so. Unused funds will rollover to the Article 2  
22 committee at the end of each school year; provided that the total funds accumulated  
23 in the Article 2 fund shall not exceed \$40,000 in any given year
- 24

25	Elementary schools (6)	\$7,200
26	Middle Schools/TVA	\$7,200
27	Tumwater High School	\$9,000
28	A.G. West Black Hills High School	\$9,000
29	Cascadia High School	\$ 2,700

30

- 31 2. Each site needs to continue to define and clarify the relationship between the site  
32 team and other leadership/governance structures at the site. Funding currently  
33 designated for department heads will continue, but the site and individual  
34 departments need to examine the evolving roles of department heads and department  
35 members and determine the best use of resources to achieve improved teaching and  
36 learning.
- 37

38 F. **Communication Among Site Teams.**

39 The Article 2 Group will explore possible structures and/or processes for ensuring district-  
40 wide communication among building-based site teams.

## ARTICLE 2 -- AGREEMENT ADMINISTRATION AND PARTNERSHIP-BUILDING

### A. Article 2 Group Defined.

A joint Association-District committee known as the Article 2 Group will consist of District representatives chosen and designated by the District, and Association representatives chosen and designated by the Association. The Article 2 group shall meet at least twice a month (exclusive of summer, and one day in September and one day in June) during each year of this Agreement to review and discuss current school issues and practices in the district and the administration of this Agreement, including its commitment to building a strong partnership to achieve our shared goal of quality education in Tumwater.

### B. Issues of Contractual Significance.

The Article 2 Group will also have the responsibility of addressing issues with contractual significance. The Article 2 Group may choose to process these issues itself, or to delegate them to such ad hoc groups as it deems appropriate. It shall be the responsibility of the Article 2 Group to ensure that such items are accompanied by a clear charge regarding what kind of product or solution is being sought, what kind of process will be used to get there (including timeline), and what kind of decision making will be necessary for final approval. Issues referred to the Article 2 Group may result in Letters of Agreement and/or new contract language.

### C. Relationship-Building between District and Association Leadership.

The Association and the District agree that talking and working together is often the key to improved working relationships. As tangible evidence of our mutual commitment to improving teaching and learning in Tumwater, each group agrees to work toward providing the other with greater access to their respective leadership groups and, as a first step, to be receptive to requests to appear in person before those groups. Both parties believe that we must work to build authentic relationships between Tumwater Education Association leadership and Tumwater School District administrative staff if we are to achieve the benefits of a genuine partnership in Tumwater, and if we are to move toward joint administration of the Agreement at all sites.

### D. Association Representatives on District Committees.

In order to more effectively build an ongoing partnership anchored in our joint advocacy for students and for public education, the Association shall be able to appoint representatives to each major district committee involved in efforts which affect the quality of education in Tumwater. These representatives shall be chosen and designated as follows:

1. District Budget Advisory committee, three (3) representatives
2. District Safety Committee, one (1) representative
3. Superintendent's Roundtable, one (1) representative
4. District Action Planning Committee, three (3) representatives
5. Student Learning Coordinating Committee, one (1) representative
6. District Affirmative Action Committee, one (1) representative
7. Other committees as mutually agreed upon by the District and the Association.

1 E. **Article 2 Resource Pool.**

2 The Article 2 Group shall have available a shared resource of \$9,000 to use as mutually  
3 agreed to support our joint efforts to improve partnerships, and teaching and learning, in  
4 Tumwater School District. Rate of payment for activities funded through this pool will  
5 be determined as mutually agreed by the Article 2 Group. Possible uses of this resource  
6 pool could include:  
7

- 8 1. Supplementing site planning resources or staff development funds on a case-by-case  
9 basis.
- 10 2. Providing release time for staff to support problem-solving activities.
- 11 3. Providing release time for staff to support activities aimed at improving working  
12 relations among staff, parents, and community members.
- 13 4. Providing release time for staff to visit other sites and other districts, or to attend  
14 conferences and similar activities.
- 15 5. Providing release time for Association representatives to attend Article 2 Group  
16 meetings and joint bargaining meetings.  
17  
18

19 The disposition of unused funds from the Article 2 resource pool at the end of the year will  
20 be determined by the Article 2 Group. If the Article 2 Group cannot agree on an alternative  
21 disposition of these funds, they will be distributed on a per-student basis to sites for site-  
22 based priorities.  
23

24 F. **Site Team Coordinating Council.**

25 The Association and the District agree to evaluate the function, role, structure, and  
26 effectiveness of the Site Team Coordinating Council as part of a joint effort to develop a  
27 structure and/or process to ensure continued progress toward improved teaching and  
28 learning in Tumwater. This will be done in part to determine whether to continue such a  
29 district-wide structure as the STCC, and if so, in what form it should continue. This  
30 evaluation will be overseen by the Article 2 Group.  
31  
32

33 G. **Information and Reports.**

34 Any information or reports necessary to support District/Association topic discussions at  
35 Article 2 will be mutually identified by the Article 2 Group in ample time for preparation  
36 of the information or reports.

26 employee(s). [See Appendix J-1.1]  
27
  - 28 4. The Video/Audio Recording Request Form shall be used to:  
29 a. Facilitate the request process;  
30 b. Ensure administrative approval of the request; and  
31 c. Provide a minimum notice of five (5) work-days to permit the affected  
32 employee(s), including Long-Term Substitutes as defined in Article 3, to

34 being conducted.  
35

37 including Long-Term Substitutes as defined in Article 3, and shall include the  
38 following:  
39 a. Employees covered by this Agreement, including Long-Term Substitutes  
40 as defined in Article 3, shall have the right to step outside the classroom or

The District will communicate to employees when installing security cameras in schools and upon request of the Association President, do an annual review for staff at each facility of all camera locations, inside and outside the facility.

Electronic discovery and/or monitoring of employees may be used only to investigate facts directly related to a specific complaint against an employee as further described in this paragraph. Prior to any such use of electronic discovery the employer shall provide notice to the individual employee.

7. Non-District employees or parties, including parents, may request video/audio recording of an employee's classroom or work area if done through the IEP process with the concurrence of the IEP team.

However, after a building administrator has attempted to resolve a conflict over materials but before the matter is referred to the Superintendent's designee, the employee shall have the right to have such materials reviewed by the Site Team which shall attempt to resolve the concern.

1 **ARTICLE 17 -- DUE PROCESS**

2  
3 A. **Just Cause and Progressive Discipline.**

4 Seven Tests of Just Cause Appendix: see Appendix K-1

5  
6 No employee shall be reprimanded, disciplined, adversely affected or deprived of any  
7 professional advantage without just cause. It is expressly understood that the District will  
8 follow a policy of progressive discipline.

9  
10 Prior to issuing discipline, non-disciplinary, documented verbal warnings and Letters of  
11 Direction may be issued. Documentation of a verbal warning will be limited in  
12 description, but will serve to verify the date and nature of the event, and the conversation  
13 which occurred between the employee and supervisor.

14  
15 The District may issue a Letter of Direction to an employee where appropriate. The  
16 Letter of Direction shall guide and advise the employee on future conduct, be non-  
17 disciplinary in nature, contain no findings of wrong-doing on the part of the employee,  
18 and will not include a suggestion that future acts of a similar nature will be disciplinary.

19  
20 Employees may have Association representation during a verbal warning conversation, as  
21 well as when receiving a Letter of Direction. Documentation of a verbal warning and a  
22 Letter of Direction may be placed in a building level administrative working file with the  
23 employees' knowledge of such placement, indicated by the employees' signature and a  
24 time/date stamp.

25  
26 Discipline shall include: (1) written warning(s), (2) Letter(s) of Reprimand, (3)  
27 suspension(s), and (4) discharge. Any disciplinary action taken against an employee shall  
28 be appropriate to the behavior which precipitates said action.

29 B. **Written Explanation of Disciplinary Action.**

30 All information forming the basis for any disciplinary action shall be made available to the  
31 employee and the Association upon request. All specific grounds forming the basis for  
32 disciplinary action shall be in writing.

33 C. **Limitations Upon Future Application of Disciplinary Notices.**

34 No disciplinary notices more than one (1) year old shall be applied toward future disciplinary  
35 actions unless the same offense was committed during the one (1) year period of time.

36 D. **Disciplinary Notice Follow-Up.**

37 If an employee receives a disciplinary notice and if such employee goes for one (1) year  
38 without further discipline, she/he shall be furnished a follow-up notice to this effect with a  
39 copy of such follow-up notice placed in the employee's personnel file.

40 E. **Limitations Upon Use of Complaints.**

41 Any complaint made against an employee or person for whom the employee is administratively  
42 responsible by any parent, student or other person, and not called promptly to the attention of  
43 the employee may not be used as the basis for any disciplinary action against the employee.

1 F. **Employee Notification of and Right to Representation.**

2 An employee shall be entitled to have present a representative of the Association during any  
3 potential disciplinary action or during any investigatory meeting that the employee  
4 reasonably believes could lead to disciplinary action. When a request for such  
5 representation is made, no action shall be taken with respect to the employee until such  
6 representative of the Association is present. Further, in the event a disciplinary action is to  
7 be taken, the employee shall be advised of the right to representation under this provision of  
8 the contract prior to the action being taken.

9 G. **Procedures Involving Allegations of Misconduct.**

10 If a situation arises where an employee is to be confronted with alleged misconduct, the  
11 TEA President will be notified of the impending investigatory\_meeting so that representation  
12 will be available at the employee's option before the meeting takes place. If a substitute is to  
13 be brought in due to such allegation, it is imperative that every effort be made to notify the  
14 teacher prior to his/her arrival at school. Both parties agree that the entire matter shall be  
15 handled in a confidential manner.

16 H. **Article 2 Review of Due Process.**

17 In the event the District or the Association has some disagreement about how any person(s)  
18 has implemented due process or performed under this article, the concern may be discussed  
19 at Article 2.

26 E. **Employee Rights Regarding Placement in Personnel File of Derogatory Materials**  
27 **from Non-Professional Sources.**

28 Derogatory statements from non-professional sources shall not be included in any file,  
29 except in such cases where the employee has been notified that such material is intended to  
30 be used as the basis for a subsequent discipline action. That material may be included  
31 within a separate, temporary case or building level administrative working file until the end  
32 of the school year.  
33

5 or alleged to have been caused in whole or in part by employees while acting within the  
6 scope of their job duties.  
7

8 B. **Reporting Employee Injury.**

9 Any employee incurring injury during the course of job responsibility shall report the extent  
10 of the accident or injury to his or her immediate supervisor at the earliest opportunity. The  
11 school district will assume responsibility for injury to an employee as outlined in the  
12 District's liability insurance policy or by the Department of Labor and Industries (State  
13 Industrial Insurance).  
14

15 C. **Personal Property Insurance.**

16 The District shall provide insurance coverage for loss of or damage to personal property of

27 Full time employees teaching in grade 7 through grade 12 positions shall have a  
28 continuous planning period equal to the regular scheduled period during a regular normal

47  
48

- 4 discouraged. When an employee is requested or required to cover a class during
- 5 her/his planning period or takes an additional full class during the time that they
- 6 are already teaching a class, they shall be reimbursed at their per diem rate of pay

- 17 between teachers with prior approval of building principal.
- 18
- 19 4. In the event a specialist or other employee who does not have a regularly assigned

30 The District has a past practice of carrying over unused resources in Staff Development.  
31 In the event the District is able and determines that unused Staff Development resources  
32 will be carried over, the disposition of such funds will be determined by the Article 2  
33 Group as part of its annual review of contractual resources. If the parties cannot mutually  
34 agree on an alternative use for these funds, the District and the Association agree that

29 their medical insurance. In addition, employees will be able to utilize payroll  
30 deduction for any supplemental insurance that they choose to enroll through  
31 SEBB (e.g. increased AD&D, Long-term disability, etc.).

37 obligation to provide support or health care coverage) and children of any age  
38 with a developmental or physical handicap who are not capable of self-support.  
39  
40 2. Upon moving to the new plan, should an employee have dependents that were  
41 covered as of December 31, 2019 but who no longer qualify for coverage under

6 anticipated to work 630 hours or more the following year are eligible for coverage  
7 based on the HCA rules for mid-year hires Paid leave hours shall count towards  
8 the 630 hours used to determine eligibility for benefits under this section.  
9 Employees on unpaid leave will be considered in an employment status for the  
10 provisions of this section. An employee on approved leave under the federal  
11 Family and Medical Leave Act (FMLA) or the Washington State paid Family

22 following the first day of work when it is expected that the employee will work  
23 630 hours, except during the month of September when the employee's benefit  
24 coverage will begin in September if the employee is expected to work 630 hours  
25 or more during the school year and that employee begins on or before the first day  
26 of school in September.  
27  
28 2. Should an employee who previously was not expected to be eligible for benefits  
29 under SEBB works 630 hours in one year, the employee will become eligible for

6 the end of the employee work year as it aligns with the student school year in  
7 June) the District will for the purposes of SEBB report their resignation as

1 **ARTICLE 32 – EVALUATION**

2  
3 **The following evaluation language shall apply only to those certificated staff not being**  
4 **evaluated using the OSPI-approved, Danielson framework:**  
5

6 A. **Evaluation Philosophy.**

7 The Association and the District recognize that an ongoing effort to improve individual  
8 and team performance is a key characteristic of any high quality organization. We share  
9 a commitment to work together to make this happen.

10 Our philosophical goal is to move toward a supportive environment which leads  
11 employees to ongoing reflective thinking about their own performance and the factors  
12 which influence their effectiveness. The purpose of such reflection is to enhance our  
13 employees' personal and professional growth and ability to successfully assist our  
14 students to accomplish such learning goals as:

- 15 • Read with comprehension, write with skill, and communicate effectively and  
16 responsibly in a variety of ways and settings.
- 17 • Know and apply the core concepts and principles of mathematics; social, physical and  
18 life sciences; civics and history; geography; fine arts; and health and fitness.
- 19 • Think analytically, logically, and creatively; and integrate experience and knowledge  
20 to form reasoned judgments and solve problems.
- 21 • Understand the importance of work and how performance, effort, and decisions  
22 directly impact future career and educational opportunities.
- 23 • Be responsible for one's actions, develop positive self-worth by enhancing learner  
24 competence and good work habits; show respect for others, participate as a citizen,  
25 and become a lifelong learner.

26  
27 B. **Evaluation Prerequisites.**

- 28 1. The evaluation procedures set forth herein shall provide for a positive attitude to  
29 be maintained by all parties toward the development and improvement of the  
30 instructional program of the District. The evaluation procedure shall recognize  
31 high levels of performance and encourage improvement in specific identifiable  
32 areas through the systematic assessment of the instructional program and shall be  
33 recognized as a high priority responsibility.

1           1.     **PGO Philosophy**

- 2           a.     The primary focus of evaluation shall be to improve teaching and encourage  
3                 professional growth. The Professional Growth Option, hereafter referred to  
4                 as PGO, is a process which is teacher-centered, encourages peer sharing and  
5                 support, and includes self-evaluation and goal setting. This process is  
6                 separate from the traditional, summative review and all observation and  
7                 comment related to PGO, with the exception of the PGO verification form,  
8                 shall not be included as part of the employee's permanent record.
- 9           b.     The supervisor and the staff member share the responsibility for PGO. The  
10                fundamental activity of this option is the development of specific teaching  
11                and/or direct job-related goals between the staff member and the supervisor.  
12                The number of goals is less important than the form and substance of the  
13                goals and in most cases would range from one to four. Normally the goals  
14                would be established in accordance with their potential impact on student  
15                learning.
- 16           c.     Peer involvement is heartily encouraged as a part of PGO. Individuals may  
17                elect to use colleagues in observation, data collection or as collaborators.  
18                Employees may choose to work in teams, department groups or grade levels.  
19                The supervisor acts as a coach, observer, facilitator and/or data collector.

20  
21           2.     **PGO Process**

- 22           a.     The employee and her/his administrative evaluator must mutually agree to  
23                participate in the PGO. Each of them must also have completed at least  
24                once the PGO training offered each year by the District. Such training  
25                shall include goal setting, communication skills, and strategies for  
26                instructional improvement.
- 27  
28           b.     PGO shall encourage professional growth through goal setting and shall  
29                involve the teacher and the administrator in cooperative discussions,  
30                planning and collegial interaction for the accomplishment of goals.
- 31  
32           c.     The employee shall complete an annual self-assessment, including the  
33                setting of individual professional goals and outlining a plan for  
34                accomplishing them.
- 35  
36           d.     Teams of employees may choose to go through this process together with  
37                team goals.
- 38  
39           e.     The plan may include observation and comment by one or more peers of  
40                the employee's choice, comment by students and/or comment by parents  
41                of students. Such observation and comment shall not be included as part  
42                of the employee's permanent records.
- 43  
44  
45  
46

- f. Information from the PGO cycle is the property of the employee and may not pass to the personnel file. Only the PGO verification form will be placed in the personnel file.
- g. At all times during the professional growth option, collaborative interaction, based on trust and confidence, is encouraged. Growth is the desired outcome and the PGO should not represent a threat.
- h. PGO shall model authentic assessment for students.
- i. Employees who participate in the PGO will receive \$50 in their initial year of participation to support achievement of their professional goals. Sites are to submit written notification to the Human Resources Office identifying new PGO participants so proper payments can be made.

### 3. **PGO Timelines**

- a. During September and October, employee participants and supervisors shall meet to discuss thoroughly the potential goals and to complete the PGO Planning Worksheet (Appendix E-2).
- b. Throughout the year, the supervisor shall meet formally and informally with the employee and any involved peers to discuss collaboratively the progress on the goals and to refine and update any need for resources.
- c. In March and April, a final meeting shall be held to review achievement of the goals. At this meeting the Professional Growth Verification Form (Appendix E-1) shall be compiled collaboratively to be submitted to the district personnel file. The supervisor shall verify that the employee has participated in the PGO.

### E. **Long-form Evaluation Process.**

1. This evaluation process must occur at least once every six (6) years. (Appendix E-3)
2. Annually, employees shall be observed a minimum of sixty (60) minutes prior to the formal evaluation conference. At least one (1) observation shall not be less than thirty (30) continuous minutes in length. Provisional employees shall be observed for a total of not less than thirty (30) minutes during the first ninety (90) calendar days of employment. For continuing contract employees, at least one (1) observation shall be held by March 15.
3. Observations shall take place under a variety of circumstances such as different subject areas, different instructional methods and different times of the day, week and year. At least one (1) observation shall be considered formal. Formal observations shall include a joint planning meeting prior to the observation, utilization of the Evaluation Criteria (Appendix E-4 and/or E-5) as a basis for the observation, and a follow-up discussion with the evaluatee within five (5) days following the observation. Following any other observation, a conference may be called by either the evaluator or evaluatee to discuss the observation.

- 1 4. The evaluator shall complete an evaluation report and hold the formal evaluation  
2 conference not later than June 1. The evaluator shall note the strengths and areas  
3 for improvement, if any. Deficiencies noted shall be supported with related  
4 examples. A growth plan shall be mutually established from adopted criteria  
5 where areas for improvement have been identified. The evaluator shall use the  
6 evaluation criteria (Appendix E-4 and/or E-5) as the basis for the evaluation. The  
7 evaluatee shall sign both copies of the evaluation report form and shall have the  
8 exclusive right to attach an addendum statement. Distribution of the evaluation  
9 report forms should be: (1) Original copy to the school district personnel file; (2)  
10 Second copy to the evaluatee.

11  
12 5. **Performance Notification**

13 The District and the Association recognize the importance of sufficient time for  
14 an employee to address performance concerns raised by an evaluator during the  
15 evaluation process. Therefore no employee shall receive an unsatisfactory  
16 evaluation at their formal evaluation conference without having been notified in  
17 writing of performance concerns that could result in such an unsatisfactory  
18 evaluation. Such notification shall occur as soon as possible, and no later than  
19 March 15.

20  
21 F. **Short-Form Evaluation Process.**

22 After four (4) years of satisfactory long-form evaluations, the supervisor and employee  
23 may mutually agree to participate in the short-form evaluation process. The short-form  
24 evaluation (Appendix E-6) shall consist of:

- 25  
26 1. One 30-minute observation with a written summary, or  
27 2. Two observation periods totaling at least 60 minutes without written summary,  
28 but with a final annual written evaluation.

29  
30 Long-form evaluations must occur at least once every six (6) years. The employee may  
31 request a long-form evaluation at any time. No employee shall be required or requested  
32 to participate in a short-form evaluation process. The short-form evaluation process may  
33 not be used for determining unsatisfactory work, nor as probable cause for non-renewal.  
34

35 The following procedural requirements of the long-form evaluation process shall apply:

- 36  
37 1. Designation of the evaluator;  
38 2. Time limit on the delivery of an observation(s) form(s);  
39 3. Meeting with individual or groups of employees to review the evaluation system;  
40 4. Prearrangement of observation.

## ARTICLE 32 A - EVALUATION OF TEACHERS

The following evaluation language shall apply only to those certificated staff being evaluated using the OSPI-approved, Danielson framework rubrics.

### **Section 1 - Evaluation System Preamble**

An evaluation system for teachers has the following elements, goals, and objectives:

1. The evaluation procedures set forth herein shall be to improve the educational program by improving the quality of instruction.
2. The evaluation process shall provide support for professional growth.
3. Within the selected instructional framework teachers will be allowed to exercise their professional judgment and will be evaluated on their practice, skills, and knowledge.

The parties agree that the following evaluation system is to be implemented in a manner consistent with good faith and mutual respect and, as defined in RCW 28A.405.110 (1).

Additionally, the parties agree that the evaluation process is one which will be implemented with collaboration between the evaluator and the bargaining unit member, as described in WAC 392-191-025:

“To identify in consultation with classroom teachers and certificated support personnel observed, particular areas in which their professional performance is satisfactory or outstanding, and particular areas in which the classroom teacher or support person needs to improve his or her performance.”

Purpose – The following evaluation process has the following elements, goals, and objectives: “An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.”

### **Section 2 – Definitions and Notes**

**Artifacts** shall mean any products generated, developed, or used by a certificated teacher.

**Certificated Principal** "principal," and "assistant principal" mean a person who is employed to supervise the operation and management of a school (WAC 181-79A-140 (4).)

1 **Certificated Classroom Teacher** A "teacher" mean a certificated employee who provides  
2 academically focused instruction to students and holds one or more of the certificates pursuant to  
3 WAC 181-79A-140 (1) through (3) and (6)(a) through (d).  
4

5 **Component** shall mean the sub-section of each criterion.  
6

7 **Criteria** shall mean the eight (8) state defined categories to be scored.  
8

9 **Evaluation** shall mean the ongoing process of identifying, gathering, and using information to  
10 assess total job effectiveness, improve professional performance, and make personnel decisions.  
11

12 **Evaluator** shall mean a certificated administrator who has been trained in observation and  
13 evaluation techniques, and in the use of the specific instructional framework and rubrics  
14 contained in this agreement.  
15

16 **Evidence** means observed practice, products or results of a certificated classroom teacher's work  
17 that demonstrates knowledge and skills of the educator with respect to the four-level rating  
18 system. Such evidence shall include artifacts produced or resulting from the normal course of  
19 professional performance during the school year.  
20

21 Both the teacher and the evaluator shall contribute evidence to the overall assessment of  
22 professional performance. If, after completing the minimum required observations, both the  
23 teacher and evaluator agree on the score for a criterion, no additional evidence will be required to  
24 be collected for that criterion. It shall be the nature and quality of the evidence, not the quantity  
25 of evidence that determines the criterion rating.  
26

27 Unsubstantiated complaints against an employee shall not be included in any documentation  
28 pertaining to any evaluation.  
29

30 **Formal Observation** means any observation which is scheduled in advance between the teacher  
31 and evaluator for the purpose of evaluation.  
32

34 by an evaluator to inform a teacher's final evaluation.  
35

36 **Observe** or "observation" means the gathering of evidence made through classroom or worksite  
37 visits for the purpose of examining evidence over time using the instructional framework rubrics.  
38

40 classify teaching performance and student growth using the evaluation criteria and the four-level  
41 rating system.

## **Satisfactory/Unsatisfactory**

**Satisfactory-** Overall summative performance ratings of Proficient (Level 3) or Distinguished (Level 4) are considered satisfactory for all teachers. For teachers in their first five years of the profession, a performance rating of Basic (Level 2) is also considered satisfactory.

**Unsatisfactory-** An Overall summative performance rating of Unsatisfactory (Level 1) is considered not satisfactory for all teachers. Teachers on a continuing contract with more than five years of teaching experience who receive a summative performance rating of Basic (Level 2) two years in a row, or two years within a consecutive three-year period are also considered unsatisfactory.

**Student Growth** shall mean change in student achievement between two points in time.

**Student Growth Data** shall be selected by the teacher and discussed with the evaluator. Assessments used to demonstrate such growth shall primarily be classroom-based and shall be initiated by the classroom teacher. Assessments used to demonstrate growth must be appropriate, relevant, and may include both formative and summative measures.

**Summative Performance Ratings** means the four performance levels applied using the four level rating system: Level 1 – Unsatisfactory; Level 2 – Basic; Level 3 – Proficient; Level 4 – Distinguished.

(1) Unsatisfactory: Professional practice at Level 1 shows evidence of not understanding the concepts underlying individual components of the criteria. This level of practice is ineffective and inefficient and may represent practice that is harmful to student learning progress, professional learning environment, or individual teaching practice. This level requires immediate intervention.

(2) Basic: Professional practice at Level 2 shows a developing understanding of the knowledge and skills of the criteria required to practice, but performance is inconsistent over a period of time due to lack of experience, expertise, and/or commitment. This level may be considered minimally competent for teachers early in their careers but insufficient for more experienced teachers. This level requires specific support.

(3) Proficient: Professional practice at Level 3 shows evidence of thorough knowledge of all aspects of the profession. This is successful, accomplished, professional, and effective practice. Teaching at this level utilizes a broad repertoire of strategies and activities to support student learning. At this level, teaching is strengthened and expanded through purposeful, collaborative sharing and learning with colleagues as well as ongoing self-reflection and professional improvement.

(4) Distinguished: Professional practice at Level 4 is that of a master professional whose practices operate at a qualitatively different level from those of other professional peers. To achieve this rating, a teacher would need to have received a majority of distinguished ratings on the criterion scores. A teacher at this level must show evidence of average to high impact on student growth. Ongoing, reflective teaching is demonstrated through the highest level of expertise and commitment to all students' learning, challenging professional growth, and collaborative practice.

### **Section 3 – State Criteria, Framework, and Scoring**

The parties have agreed to the adopted evidence-based instructional framework developed by Charlotte Danielson and approved by OSPI. The complete instructional framework is found at: <http://tpep-wa.org/wp-content/uploads/Danielson-Rubrics-by-criteria-ca.pdf>

The following criteria will be used to evaluate certificated classroom teachers:

1. Centering instruction on high expectations for student achievement;
2. Demonstrating effective teaching practices;
3. Recognizing individual student learning needs and developing strategies to address those needs;
4. Providing clear and intentional focus on subject matter, content, and curriculum;
5. Fostering and managing a safe, positive learning environment;
6. Using multiple student data elements to modify instruction and improve student learning;
7. Communicating and collaborating with parents and school community;
8. Exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

Student growth data must be a substantial factor in evaluating the summative performance of certificated classroom teachers for criteria 3, 6, and 8.

#### **Criterion Scores**

Each rating will be assigned the following numeric values:

Unsatisfactory – 1    Basic – 2    Proficient – 3    Distinguished – 4

An employee shall receive one of the four performance ratings for each of the minimum criteria. Additionally, an employee shall receive one of the four performance ratings for the evaluation as a whole, which shall be the overall summative score as per WAC 392-191A-080(6).

A numerical mean shall be used to calculate the individual criterion rating. When a criterion rating includes a whole number plus a place value of .49 or below it will be rounded down to the nearest whole number. When a criterion rating includes a whole number plus a place value of .50 or above it will be rounded up to the nearest whole number. (For example, a final rating of 2.49 would become a criterion rating of 2 and a rating of 2.50 would become a criterion score of 3.) However, to achieve a Distinguished rating, a teacher must receive a majority of Distinguished ratings on the criterion scores.

#### **Overall Summative Score**

All classroom teachers shall receive a performance rating for each of the eight (8) state evaluation criteria. The overall summative score shall be determined by totaling the eight (8) criterion-level scores as follows:

- 8-14 points—Unsatisfactory
- 15-21 points—Basic
- 22-28 points—Proficient
- 29-32 points—Distinguished

## **Student Growth Criterion Score**

Embedded in the instructional framework are five (5) components designated as student growth components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG 8.1. The evaluator shall add up the raw scores on these components and the employee shall be given a score of low, average or high based on the following scoring bands:

5-12—Low

13-17—Average

18-20—High

Student growth data shall be derived from multiple sources, and must be appropriate and relevant to the teacher and subject matter. It shall include teacher initiated, formal and/or informal assessments of student progress. If a teacher receives an overall summative score of 4 (Distinguished) and a Low student growth score as shown above, s/he must automatically be moved to the Proficient (3) level for the overall summative score.

Certificated classroom teachers with low student growth rating will engage, with their evaluator, in a student growth inquiry. Within two months of receiving the low student growth score or at the beginning of the following school year, the following must be initiated by the evaluator:

The teacher and the evaluator shall create a plan to address student growth issues that may include one or more of the following:

- A. Examine student growth data in conjunction with other evidence including observation, artifacts and other student and teacher information based on appropriate classroom, school, school district and state-based tools and practices;
- B. Examine extenuating circumstances which may include one or more of the following: Goal setting process; content and expectations; student attendance; extent to which standards, curriculum and assessment are aligned;
- C. Schedule monthly conferences focused on improving student growth to include one or more of the following topics: Student growth goal revisions, refinement, and progress; best practices related to instruction areas in need of attention; best practices related to student growth data collection and interpretation;
- D. Create and implement a professional development plan to address student growth areas.

## **Section 4 - General Evaluation Agreements**

Employees shall have transparent access to all relevant student achievement data available.

Notification - With the exception of transfers between evaluation formats (see Section 7, “Focused Evaluations”) every teacher shall be notified no later than the last working day of September of his or her evaluator and whether he or she is scheduled to be evaluated using a Comprehensive or Focused evaluation.

Out of Content/Endorsed Areas - No teacher shall be “subject to non-renewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments”. However consideration may be given to teachers’ progress towards endorsement. At the option of the teacher, in collaboration with the evaluator, teachers may be evaluated as a member of a team when teaching outside their content or endorsed areas.

Security - All aspects of the evaluation procedure, including observations, shall be conducted openly and with the full knowledge of the teacher. Mechanical or electronic devices shall not be used to listen to, observe, or record the proceedings of any classroom without prior knowledge and documented consent of the teacher. The District shall make reasonable efforts to ensure confidentiality and security for all evaluation documents, including electronic documents, consistent with state public disclosure requirements and guidelines.

## **Section 5 - Professional Development**

Prior to their being evaluated under the new evaluation system, the District shall provide teachers professional development relevant to the framework and evaluation process. Each teacher shall be provided a copy of the evaluation criteria, procedures, and any relevant forms or information appropriate to his or her position and track in the evaluation cycle.

All classroom teachers, both provisional and continuing, shall be expected to participate in District-provided evaluation training that occurs during the contracted work day or at other dates and times, and at rates agreed to by the District and the Association. Such training shall be designed to provide the staff with the skills necessary to participate in the new evaluation system.

## **Section 6 - Provisional Teachers**

- A. Provisional teachers are those who are within their first three years of employment with the District, except for those who have at least two years of certificated employment with another school district in the state of Washington. Those with such experience shall be provisional only during their first year of employment with the District.
- B. All Provisional teachers are subject to non-renewal of employment contract pursuant to RCW 28A.405.220.
- C. All Provisional teachers in the third year of provisional status shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than (90) ninety minutes.
- D. Provisional teachers who are new to the profession and whose performance is determined to be Proficient (Level 3) or Distinguished (Level 4) by the end of their second year of employment in the District may be removed from provisional status by the Superintendent.
- E. The Principal or his or her designee shall make at least one (1) observation for a total observation time of at least thirty (30) minutes within the first ninety (90) calendar days of employment of all teachers in their first year of employment with the District.

1 G. Before non-renewing a provisional teacher, the evaluator shall have made efforts to assist  
2 the teacher in making satisfactory progress toward remediating deficiencies. Such efforts  
3 may include a comprehensive evaluation, reports from the evaluator of progress towards  
4 remediating deficiencies, peer support, classroom visitation, mentoring, and coaching.  
5

## 6 **Section 7 - Procedures for Evaluation**

7

8 All classroom teachers shall be evaluated each school year by their principal or his or her  
9 designee. The principal or designee is referred to herein as the “evaluator.”  
10

11 If an employee is assigned to two or more schools, the evaluator at the school to which the  
12 employee is assigned the greater part of the time shall be responsible for the employee’s overall  
13 evaluation. If a teacher is assigned to two or more schools for equal amounts of time within the  
14 school day, mutual agreement between the principals, in collaboration with the teacher, will  
15 determine who will be the evaluator of record.  
16

### 17 **Observations**

18 All teachers shall be observed at least twice each school year in the performance of their  
19 assigned duties. Total observation time for each employee for each school year shall not be less  
20 than 60 minutes.  
21

22 **Formal Observations** - Formal observation dates and times will be scheduled and agreed upon  
23 by the teacher and evaluator. Whenever possible, formal observations shall be scheduled with  
24 adequate time in between in order to allow for conferencing and growth.  
25

26 **Informal Observations** are non-scheduled observations during which time evidence is gathered  
27 by an evaluator to inform him or her regarding a teacher’s final evaluation. If there is an area of  
28 concern noted in any such record, written documentation of the observation must be provided to  
29 the teacher for that evidence to be included in the final evaluation. Such documentation will be  
30 provided within three school days of the observation. A teacher may request a post-observation  
31 conference to discuss an informal observation.  
32

33 **Comprehensive Evaluations** - A comprehensive summative evaluation assesses all eight  
34 evaluation criteria and all criteria contribute to the comprehensive summative evaluation  
35 performance rating. All classroom teachers shall receive a comprehensive summative evaluation  
36 at least once every six years.  
37

38 The following classroom teachers shall receive an annual comprehensive summative evaluation:

- 39 1. Classroom teachers who are provisional employees under RCW 28A.405.220;
- 40 2. Any classroom teacher who received a comprehensive summative evaluation  
41 performance rating of level 1 or level 2 in the previous school year.  
42  
43  
44  
45  
46  
47  
48

**Focused Evaluations** - In the years when a comprehensive summative evaluation is not required, classroom teachers who received a comprehensive summative evaluation performance rating of Proficient (level 3) or above in the previous school year are required to complete a focused evaluation. A focused evaluation includes an assessment of one of the eight criteria selected for a performance rating plus professional growth activities specifically linked to the selected criterion. The selected criterion must be approved by the teacher's evaluator and may have been identified in a previous comprehensive summative evaluation as benefiting from additional attention. A group of teachers may focus on the same evaluation criterion and share professional growth activities.

Teachers on focused evaluations shall have the option of selecting which one of the eight criteria will be assessed, plus the professional growth activities linked to that criterion. The role of the evaluator shall be to either approve the proposed activities or suggest modifications to produce a jointly agreed upon activity or activities. Employees will complete the TSD Focused Evaluation Professional Goal Plan (Form I)

If the employee chooses criterion 1, 2, 4, 5, or 7, they must also complete the student growth components in either criterion 3 or 6.

If the selected criterion for the focused evaluation has been determined to be non-observable, a classroom-based observation will not be required. The selected student growth component will be documented on the student growth goal setting template (Form G).

A teacher may be transferred from a focused evaluation to a comprehensive summative evaluation at the request of the teacher or at the direction of the teacher's evaluator. Such change must be initiated prior to December 15 and provided to the employee in writing.

Each employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no fewer than two occasions in each school year. Such confidential conferences shall be for the purpose of aiding the administrator in his or her assessment of the employee's professional performance and to provide additional evidence by either the evaluator or teacher to aid in this assessment against the instructional framework rubrics and/or for the teacher to provide unobserved evidence of having met certain criteria and goals. The annual evaluation results will be documented on the summative evaluation form (Form H) with only the selected criteria being scored.

Employees on a Focused Evaluation are encouraged to attempt new skills and improve their professional practice. A summative score will be determined using the most recent comprehensive summative evaluation score. This score becomes the focused summative evaluation score for any of the subsequent years following the comprehensive summative evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should a teacher provide evidence of exemplary practice on the chosen focused criterion, a Distinguished (level 4) score may be awarded by the evaluator.

## **Evaluation Process**

The comprehensive evaluation process must occur at least once every six (06) years (three consecutive years for new or provisional teachers). There are six steps required to complete a comprehensive evaluation which utilize a collaborative model between teacher and evaluator. They include 1) the teacher's self-assessment, 2) a goal setting conference between the teacher and evaluator, 3) a pre-observation conference, 4) observations of the teacher by the evaluator, 5) a post-observation conference, and 6) the summative evaluation conference.

### **Step 1: Self-Assessment**

Each teacher shall reflect on his/her practice and complete a self-assessment (Form A). This is a personal reflection of practice and will serve as a tool for the goal setting conference. The teacher is not required to share the written results with their evaluator.

### **Step 2: Goal Setting Conference**

Following the self-assessment, the teacher will meet with his or her evaluator in a goal setting conference. Each teacher shall combine his or her self-assessment with the district and/or building initiatives and select one or two components as goal(s) for the year. Additionally, for components SG 3.1, 6.1 and 8.1 the teacher shall determine a student growth goal. The teacher shall complete and submit the Student Growth Goal Setting Template (Form G) to the evaluator prior to a mutually agreed upon goal setting conference date.

### **Step 3: Pre-Observation**

- A. For formal observations, the teacher shall complete the Classroom Observation Planning Conference form (Form B), with a written lesson plan and send it to the evaluator twenty-four (24) hours prior to a mutually-determined pre-observation conference.
- B. The teacher and evaluator shall conduct the pre-observation conference in order to meet and discuss the lesson plan and identify any specific areas of focus, establish a date for the formal observation, and discuss professional activities to be observed, including their content, objectives, strategies, and possible evidence to meet the scoring criteria. (The goals may be referenced, if applicable).

### **Step 4: Observation**

The evaluator will conduct the observation of practice as scheduled. The evaluator will take notes throughout the observation and share those with the teacher within three (3) working days of the observation. Upon receipt the teacher may provide additional information for this document.

### **Step 5: Post-Observation Conference**

Following the observation and the receipt of the evaluator's notes, the teacher will reflect on the lesson and complete a self-reflection using the Classroom Observation – Post Observation Reflection (Form D) and complete a self-reflection using the Danielson Framework (Form E). At the discretion of the teacher this self-reflection (Form D) may be submitted to the evaluator within three (3) school days. When required, Form E will be submitted to the evaluator, within three (3) school days.

The teacher and evaluator shall schedule to meet for the post-observation conference within three school days of the evaluator's receipt of Form E.

1 The post-observation conference includes a review of the teacher's self-assessment and the  
2 evaluator's evidence. Both the teacher and the evaluator may contribute evidence to the overall  
3 assessment of professional performance during the conference as such conference is intended to  
4 be a dialogue between the teacher and evaluator. At the end of the post-observation conference  
5 the teacher and evaluator will agree on next steps and sign documentation that the conference has  
6 occurred.

#### 7 8 **Step 6: Summative Assessment**

9 No later than May 15<sup>th</sup>, the teacher and evaluator shall meet to discuss the teacher's final  
10 summative score. This conference will include a review of the evidence gathered including  
11 formal and informal observations, artifacts with teacher reflection coversheet (Form F), student  
12 growth data (Form G), professional contributions, impacts on learning, and other ancillary  
13 evidence. Multiple measures of student growth must be used in the evaluation process and such  
14 measure may include classroom-based, school-based, District-based and state-based tools. The  
15 final summative score will be based on the alignment of evidence gathered based on the  
16 Danielson and State Student Growth rubrics. The final summative score and recommendation  
17 will be recorded on the Summative Evaluation Form (Form H). The teacher will sign two (2)  
18 copies of Form H to indicate receipt. The signature of the teacher does not imply that the  
19 employee agrees with its contents, only that he or she has read it. The teacher may attach any  
20 written comments or rebuttal to the final annual evaluation report any time.

- 21  
22 A. If the evaluator assigns the teacher an overall final summative rating below Proficient, the  
23 evaluator will use the evidence as provided by the teacher as an explanation for the  
24 Unsatisfactory or Basic rating. When appropriate, a lack of evidence as required in the  
25 rubrics may also be used in such an explanation.  
26  
27 B. In the case of a "basic" or "unsatisfactory" rating, the teacher and evaluator shall meet  
28 prior to the end of the school year or at the beginning of the following school year to  
29 determine what support would best serve the teacher.  
30  
31 C. If a teacher disagrees with the evaluator's overall summative performance rating, the  
32 evaluator's rating shall be recorded and the teacher may follow the due-process steps  
33 already set forth in the contract.  
34  
35 D. All continuing contract employees receiving an annual, final summative performance  
36 rating below level 3, Proficient, shall be given additional support by the District. Such  
37 support may include, but not be limited to paid in-service training, release time to observe  
38 colleagues, assignment of a coach/mentor; additional, focused professional development  
39 resources, professional growth opportunities, and guided growth plans, etc.  
40  
41 E. Any teacher whose performance has been judged unsatisfactory on the *Summative*  
42 *Evaluation of Practice* document (Form F) may be placed on a program for improvement  
43 any time after October 15.  
44

## **Section 8 - Probation (Non-Provisional Employees)**

No teacher shall be placed on probation if he or she has been evaluated by an evaluator who has not received training in the new (ESSB 5895) evaluation system with an emphasis on developing inter-rater reliability.

Teachers shall have the right to Association representation at all probationary meetings.

The purpose of the probationary period is to give the teacher an opportunity to demonstrate improvements in discrete areas according to the criteria included in the evaluation instrument (WAC 392-191-045(3)). A probationary period of sixty (60) school days shall be established. Additional days may be added if deemed necessary to complete a program of improvement and to evaluate the probationer's performance, as long as the probationary period is concluded before May 15<sup>th</sup> of the same school year.

The probationary period may be extended into the following school year if the probationer has five or more years of teaching experience and has a comprehensive summative evaluation performance rating as of May 15<sup>th</sup> of Level 2 (Basic) or less.

The Superintendent shall place on probation any employee whose performance has been judged unsatisfactory based on the evaluation criteria, no later than February 1<sup>st</sup> of any school year.

Before placing a teacher on probation, the following shall occur:

1. The evaluator shall meet with the employee in an attempt to resolve matters relating to performance, before probation is recommended. This conference shall be held no later than January 20<sup>th</sup>.
2. If an employee is being considered for probation, the recommendation to the Superintendent for probation must be made on or before January 30<sup>th</sup>. The evaluator must make a written recommendation of same to the Superintendent. A copy of the recommendation for probation must be sent to the employee.
3. The Superintendent, or his/her designee, shall review the evaluator's recommendation for probation. If the Superintendent or his/her designee determines that there is an alternative to probation they may continue to work with the parties involved.
4. If it is determined by the Superintendent that probation is warranted, then the Superintendent shall notify the employee in writing and such notice shall include the following provisions:
  - a. A definition of the problem in terms of deficiencies in discrete areas based upon the evaluative criteria.
  - b. Expectations delineating levels of performance that would constitute acceptable performance in the problem areas defined. Once the areas of deficiency and the criteria for improvement have been determined, they shall not be changed.

- c. A specific and reasonable plan of improvement that spells out a course of action and time expectations for the employee involved to reach an acceptable level of performance in discrete areas in which the employee may need improvement, according to the criteria included on the evaluation instrument; and
  - d. A specific prescription for assistance that spells out courses of action whereby the employee shall be assisted, counseled, and tutored to improve the level of performance to an acceptable level. Such prescription shall include a system for periodic feedback during the probationary period, supports provided and funded by the District, and the dates those supports will be in place.
  - e. At the request of the probationary employee, a reasonable amount of release time shall be granted in order to comply with requirements of the plan of improvement that are beyond the usual and customary requirements of the job.
5. At this time the evaluator shall meet with the employee and, at his or her discretion, a representative of the Association, to go over the plan of improvement, both for understanding and to collaborate in making any changes that the parties might deem prudent.
  6. During the probationary period, the evaluator shall meet with the staff member at least twice monthly to supervise and provide a written evaluation of the staff member's performance.
  7. The probationer may request, and the evaluator may authorize and assign, one (1) additional certificated administrator to evaluate the probationer. This administrator may be another certificated administrator from within the District or from outside the District who is trained in the Danielson framework. This request must be in writing and must be presented to the evaluator within three (3) school days of the receipt of the probationary placement notice. The evaluator shall have three (3) school days to respond in writing.
  8. **ESD Evaluator** - If such request is not granted, at the request of the probationary employee an educational service district (ESD) evaluator shall be assigned by the ESD to evaluate him or her. This request must be in writing and must be presented to the evaluator and/or the Executive Director of Human Resources within three (3) school days of the denial of the request. The District shall have three (3) school days to respond to this request in writing.

Using the plan of improvement mutually agreed to by the District and the Association, the ESD evaluator or additional evaluator shall provide input to the probationer's evaluation process and assist him or her in improving his or her areas of deficiency. In addition, the evaluator will provide a written report of the evidence gathered during the probationary period to the original evaluator. Such evidence shall include the results of multiple classroom observations and any other evidence of performance related to the plan of improvement. The probationary employee shall have access to this report.

1 During this time the employee will not be transferred from the supervision of the original  
2 evaluator. The ESD evaluator, or additional evaluator, shall be immune from any civil  
3 liability that might otherwise be incurred or imposed with regard to the good faith  
4 performance of such evaluation.  
5

- 6 9. If a procedural error occurs in the implementation of a program for improvement, the  
7 error does not invalidate the probationer's plan for improvement or evaluation activities  
8 unless the error materially affects the effectiveness of the plan or the ability to evaluate  
9 the probationer's performance.  
10  
11 10. A teacher who is on a plan of improvement must be removed from probation if he or she  
12 has demonstrated improvement in the areas described as deficient. The teacher must also  
13 be removed if he or she has demonstrated improvement that results in a new  
14 comprehensive summative evaluation performance rating of level 2 or above for a  
15 provisional employee or a continuing contract employee with five or fewer years of  
16 experience, or of level 3 or above for a continuing contract employee with more than five  
17 years of experience.  
18  
19 11. Lack of necessary improvement during the established probationary period, as  
20 specifically documented in writing with notification to the probationer, shall constitute  
21 grounds for a finding of probable cause for non-renewal of contract or discharge.  
22  
23 12. Immediately following the completion of a probationary period that does not produce  
24 performance changes detailed in the initial notice of deficiencies and program for  
25 improvement, the teacher may be removed from his or her assignment and placed into an  
26 alternative assignment for the remainder of the school year. This reassignment may not  
27 displace another employee nor may it adversely affect the probationary teacher's  
28 compensation or benefits for the remainder of that teacher's contract year. If the District  
29 determines such reassignment is not possible, the district may, at its option, place the  
30 teacher on paid leave for the balance of his or her contract term.  
31

### 32 **Non-renewal, Adverse Action, and Discharge**

33 In the event that there is determined to be probable cause to non-renew, adversely affect, or  
34 discharge a teacher, the teacher shall receive written notice and the District will follow the  
35 procedures specified in Washington Revised Code 28A.400 et. seq.

## **Section 9 - Evaluation Results**

Only the final summative evaluation document, along with any comments submitted by the teacher, shall be kept in the personnel files. All other evaluation documents shall, be returned to the teacher and will not be used for future evaluations.

Evaluation results shall be used to recognize and encourage excellence in teaching, document levels of performance, and identify areas needing improvement.

Evaluation results shall not be:

- Shared or published with any teacher-identifying information unless as a requirement of statute.
- Shared or published without prior notification to the teacher and Association.
- Used to determine any type of base or additional compensation.

Evaluations are based on individual teacher performance relative to the Danielson framework. There shall be no District or building quotas or caps for performance ratings.

## **Section 10 – Building/District Evaluation Meetings**

Teachers who are participating in the new evaluation system will be invited to take part in activities in order to obtain their candid feedback regarding implementation of the new evaluation system.

## **Section 11 - Recordkeeping**

The District shall not limit teacher access to eVal (or other electronic evaluation systems) accounts nor require teachers to share personal assessment information utilized within the eVal/other systems. Evaluators shall notify teachers of any evidence submitted about them within three (3) days of submission. The use of eVal is optional for both the teacher and the evaluator and all data entered into eVal shall be treated as confidential information.

## **Section 12 - Legislative Impacts**

- 4
- 5 1. A "grievant" shall mean a teacher or group of teachers or the Association filing a
- 6 grievance.
- 7
- 8 2. A "grievance" shall mean a claim by a grievant that a dispute or disagreement of
- 9 any kind exists involving interpretation or application of the terms of this
- 10 Agreement or of an existing Board rule, policy or practice, or that an employee
- 11 has been treated inequitably, or that there exists a condition which jeopardizes
- 12 employee health or safety.
- 13
- 14 3. A "party of interest" is the person or persons making the claim and any person
- 15 who might be required to take action or against whom action might be taken in
- 16 order to resolve the claim.
- 17
- 18 4. "Work-days" shall mean teacher employment days, except as otherwise indicated.
- 19 If the stipulated time limits are not met, the grievant shall have the right to appeal
- 20 the grievance to the next level of procedure.
- 21
- 22 5. Failure to appeal the grievance to the next step within the timelines herein stated
- 23 shall cause the grievance to be waived.
- 24

25 **B. Association Rights.**

- 26
- 27 1. The Board shall recognize a Professional Rights and Responsibilities Committee
- 28 upon its selection by the Association. At least one (1) Association representative
- 29 shall be present for any meetings, hearings, appeals, or other proceedings relating
- 30 to a grievance which has been formally presented.
- 31
- 32 2. If, in the judgment of the Association, a grievance affects a group of teachers or
- 33 the Association, the Association may initiate and submit such grievance in writing
- 34 to the Superintendent directly, and the processing of such grievance shall be
- 35 commenced at Step 2. The Association may process such grievance through all
- 36 levels of the procedure, even though there is no individual aggrieved person who
- 37 wishes to do so. Class grievances involving the administrator above the building
- 38 level may be filed by the Association at Step 2.
- 39
- 40 3. In matters dealing with alleged violations of Association rights, the grievance
- 41 shall be initiated at Step 2.
- 42
- 43 4. The Association on its own may continue and submit to arbitration any grievances
- 44 filed and later dropped by a grievant, provided that the grievance involves the
- 45 application of interpretation of the Agreement.
- 46
- 47
- 48
- 49

C. **Individual Rights.**

1. Nothing contained herein shall be construed as limiting the right of any teacher having a complaint to discuss the matter via administrative channels and to have the problem adjusted without the intervention of the Association, as long as the Association is in attendance at these discussions and is notified in writing as to the disposition of the matter and such disposition is not inconsistent with the terms of this Agreement.
2. A grievant may be represented at all stages of the grievance procedure by themselves, or at his/her option, by an Association representative selected by the Association. If an aggrieved party is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

D. **Grievance Steps.**

**Step 1: Immediate Supervisor.**

The parties in interest acknowledge that it is usually most desirable for an employee and his/her immediately involved supervisor to resolve problems through free and informal communications. Within twenty (20) work-days of knowledge of the act or condition which is the basis of the grievance, the grievant may present the grievance in writing to the immediately involved supervisor who will arrange for a meeting to take place within four (4) work-days after receipt of the grievance. The grievant and/or the Association and the supervisor shall be present for the meeting. The supervisor shall provide the grievant and the Association with a written answer to the grievance within two (2) work-days after the meeting. Such answer shall include the reasons upon which the decision was based.

**Step 2: Superintendent.**

If the grievant is not satisfied with the disposition of his/her grievance at Step 1, or if no decision has been rendered within six (6) work-days after presentation of the grievance, the grievance may be referred within five (5) work-days to the Superintendent or his/her official designee. The Superintendent or his/her official designee shall arrange for a hearing with the grievant and/or Association, to take place within five (5) work-days of his/her receipt of the appeal. The parties in interest shall have the right to include in the representation such witnesses and counselors as they deem necessary to develop facts pertinent to the grievance. Upon conclusion of the hearing, the Superintendent or his/her official designee will have four (4) work-days to provide a written decision, together with the reasons for the decision to the Association.

1       **Step 3: Board of Directors.**

2       If the grievant is not satisfied with the disposition of his/her grievance at Step 2, or in the  
3       event that no decision has been rendered within five (5) work-days after presentation of  
4       the grievance, the grievant may request, through the Superintendent, that the grievance be  
5       heard by the Board of Directors. Such request will be made within five (5) work-days  
6       after receipt of the Superintendent/designee's decision.  
7

8       The Board of Directors shall, within fifteen (15) work-days of the receipt of the request,  
9       meet with the grievant(s) in closed session to hear the history and substance of the  
10      grievance. At this hearing the grievant may present such information to the Board as it  
11      deems necessary to properly state the grievance.  
12

13      Not later than five (5) work-days after this hearing, the Board of Directors shall  
14      communicate in writing its decision to the grievant(s).  
15

16      **Step 4: Binding Arbitration.**

- 17
- 18      1.     If the grievant is not satisfied with the disposition of the grievance at Step 3, or if  
19           no decision has been rendered within five (5) work-days after the meeting with  
20           the Board, the grievant may request the Association move the grievance to  
21           arbitration if the grievance involves the interpretation, meaning or application of  
22           any of the provisions of the Agreement. Such request will be made within five (5)  
23           work-days after receipt of the Board of Directors' decision. The Association shall  
24           give written notice to the Board of its desire to submit the grievance to binding  
25           arbitration. Such notice must be made within twenty (20) work-days of the  
26           grievant's receipt of the Board's decision. If any question arises as to arbitrability,  
27           such question will first be ruled upon by the arbitrator selected to hear the dispute.  
28
  - 29      2.     Within ten (10) work-days after such written notice of submission to arbitration,  
30           the Board and the Association will attempt to agree upon a mutually acceptable  
31           arbitrator and to obtain a commitment from such arbitrator to serve. If the parties  
32           are unable to agree upon an arbitrator or to obtain such a commitment within the  
33           ten (10) work-day period, a request for a list of arbitrators may be made to the  
34           American Arbitration Association (AAA) or the Federal Mediation and  
35           Conciliation Service (FMCS) by either party.  
36
  - 37      3.     Neither party shall be permitted to assert in the arbitration proceedings any evidence  
38           which was not submitted to the other party before the completion of Step 3 at meetings.

1 4. The arbitrator selected will confer with the representatives of the Board and the  
2 Association and hold hearings promptly and will issue his/her decision not later  
3 than twenty (20) work-days from the date of the close of the hearings, or if oral  
4 hearings have been waived, then from the date the final statements and proofs are  
5 submitted to their. The arbitrator's decision will be in writing and will set forth  
6 his/her findings of fact, reasoning, and conclusions on the issues submitted. The  
7 arbitrator will be without power of authority to make any decision which requires  
8 the commission of an act prohibited by law or which is violative of the terms of  
9 this Agreement. The decision of the arbitrator will be submitted to the Board and  
10 the Association and will be final and binding.

11  
12 5. The costs for the services of the arbitrator, including per diem expenses, if any,  
13 and his/her travel and subsistence expenses and the cost of any hearing room, will  
14 be borne equally by the Board and the Association. All other costs will be borne  
15 by the party incurring them.

16  
17 E. **Jurisdiction of the Arbitrator.**

18 The arbitrator shall have no power to alter, add to or subtract from the terms of this  
19 Agreement. The arbitrator shall confine his/her inquiry and decision to the specific area  
20 of the Agreement as cited on the grievance form. Upon the request of either party, the  
21 merits of a grievance and the substantive arbitrability of issues arising in connection with  
22 a grievance may be consolidated for hearing before an arbitrator.

23  
24 F. **Exceptions to Time Limits.**

## ARTICLE 37 -- CLASS SIZE AND STAFFING LEVEL ISSUES

A. The Association and the District recognize the importance of manageable class sizes at all levels, particularly in light of the increasing needs of all students in our classrooms. Satisfactorily addressing class size and high-impact issues is one of our highest priorities. The Association and the District recognize their shared responsibility and commitment to educate all students, including students from a broad range of economic backgrounds and circumstances, including students with diverse racial, ethnic, or cultural backgrounds; LGBTQ + students; students with disabilities; students with limited English proficiency; migrant children; "at-risk" youth; and academically, athletically, and artistically talented students.

**B. Joint District-Association Process for Addressing Class Size and Staffing-Level Issues.**

1. The Association and the District recognize the value of joint discussion of such staffing-related issues as student enrollment, staffing FTE's class sizes, class configurations, high-impact issues, etc. To further this joint discussion, the Article 2 Group, or an ad hoc staffing advisory committee appointed by the Article 2 Group, shall address such issues.
2. The purpose of this process shall be to provide a forum for a dialogue, and opportunity to assist in the development of recommendations, and a locus for resolution of concerns unresolved at the site level.
3. Nothing in this Agreement shall inhibit or diminish the responsibility and authority of the District to make staffing decisions in a timely manner consistent with other contractual provisions, district policies, and/or state or federal statutes or regulation.
4. The Association and the District agree to explore the following concepts as we continue to develop strategies to assist us in addressing the twin concerns of high class sizes compounded by the increasing needs of all students. The two parties agree to publicize in a timely manner other mutually agreeable concepts and strategies.
  - a. Flexible solutions--one solution won't fit all situations;
  - b. Site based solutions within district-wide parameters and with district support;
  - c. Teacher options;
  - d. More effective practices; and
  - e. Supplemental resources to meet demonstrated needs.

- 1           5.       The Article 2 Group, or its ad hoc staffing advisory committee, will meet in the  
2                   spring to discuss student enrollment projections for the following year and  
3                   identify sites where staffing-level adjustments might become necessary. The  
4                   Human Resources Director will consult closely with the Association President or  
5                   her/his designee as decisions are made as how these adjustments can best be  
6                   made. Adjustments could include staff transfers, expansion of the District's  
7                   continuing contract commitments, or hiring leave-replacement employees.  
8

9   C.       **Professional Judgment Resources to Address High-Impact Issues.**  
10

- 11           1.       The Association and the District agree to create a pool of resources to address  
12                   concerns about high-impact issues.  
13

14                   The District shall supply all necessary additional supplies, materials, and  
15                   curriculum to address high impact needs.  
16

- 17           2.       **Unused Article 37 Funds.**

18                   The Article 2 Group will determine how unused Article 37 funds will be  
19                   distributed after the conclusion of the previous fiscal year. If the Article 2 Group  
20                   cannot agree on alternative disposition of unused Article 37 funds, they will be  
21                   distributed on a per-student basis to sites for site-based priorities.  
22

- 23           3.       **Professional Judgment Guidelines.**

24                   Through the Article 2 process, the parties adopted a set of guidelines describing  
25                   appropriate (and inappropriate) uses of Professional Judgment Resources. Copies  
26                   of this document ("Professional Judgment Guidelines") shall be kept by the  
27                   Association and the Human Resources Administrator, and are available upon  
28                   request.  
29

- 30           4.       **Professional Judgment Resources at the Site Level.**

31                   When an employee, in exercising his/her professional judgment, determines that  
32                   high-impact student issues are negatively impacting the learning process, the  
33                   employee, building administrator, and/or building representative will seek  
34                   creative solutions to those concerns at the site level. Such solutions will meet the  
35                   approval of the classroom teacher and building administrator and building Student  
36                   Support Team (SST) process when appropriate. Each school year, \$47,000 will  
37                   be distributed as follows to address professional judgment concerns about high-  
38                   impact student issues: \$4,500 for each elementary, middle, and high school; and  
39                   \$1000 for Cascadia High School and TVA.  
40

- 41           5.       **Professional Judgment Resources at the Article 2 Level.**

42                   The parties agree to create a fund for the Article 2 Group to use to address high-  
43                   impact concerns. In the event that professional judgment concerns about high-  
44                   impact issues cannot be resolved at the site level, employees with their principal  
45                   and other involved staff may present their need and request to Article 2.  
46                   Resources may be allocated to the Article 2 Group to address professional  
47                   judgment concerns according to the process described in Article 37.C.2 above.  
48  
49

Unused funds will roll-over to the Article 2 Committee at the end of each school year; provided that the total funds accumulated in the Article 2 fund shall not exceed \$35,000 in any given year.

**D. ELEMENTARY CLASS SIZE TRIGGER LEVELS**

**1. Equitable Class Loads.**

The two parties recognize that individual and combined student needs can disproportionately impact the learning environment in a classroom. In order to enhance learning opportunities for all students, the parties agree that class loads shall be distributed in an equitable manner that takes high impact factors into account. High impact factors include: total class size and caseload, student attendance, behavior and discipline patterns, teacher experience and expertise, environment and minutes of service considerations, HiCap, ELL, and/or, McKenny Vento enrollment. Concerns about the equitable distribution of students will be discussed initially with the building administrator. The parties will include the program administrator if appropriate. If the concern is not resolved the parties may refer to Article 2.

**2. Impact Paraprofessional Time.**

The District and the Association are committed to work toward class sizes that do not exceed the class size levels shown in the chart below. If a level is exceeded, elementary teachers shall be entitled to two and three quarter (2.75) hours of "impact paraprofessional" time, assigned to the individual classes that exceed the class size level, unless other creative solutions are developed at the site. Teachers may elect to receive overload payment or other flexible options in lieu of paraprofessional time.

**3. Impact Paraprofessional Time – Flexible Options.**

Impact paraprofessional time will be added within ten (10) working days. A substitute impact paraprofessional may, at the teacher's discretion, be hired immediately to provide assistance until the impact paraprofessional can be hired. The teacher and the impact paraprofessional may also design a schedule of hours satisfactory to both parties other than simply the number of hours triggered each day. The number of hours contained in any modified schedule shall not exceed the overall number of hours triggered each semester unless other resources are made available pursuant to other sections of Article 37.

**4. Alternative Uses of Triggered Resources.**

If an elementary teacher qualifies for impact paraprofessional time and would like to use those resources in some other manner to address class size issues, they may develop a plan with their principal, site team, and/or Association building rep in a manner consistent with their site's, site-based decision making procedures and the CBA. Uses of triggered resources may include, but are not limited to, any of the following:

- a. “impact paraprofessional” time;
- b. certificated substitute time to either “release” the teacher from the classroom or to work in a classroom alongside the teacher;
- c. Overload compensation equal to \$22.00 per student per day in overload
- d.. class field trips, etc.

5. **Multi-Aged, Combined, and Split Classes**

In the cases of multi-aged classes, combined classes, and split classes, the district will use the lower class size level to assign impact time.

6. **Partial Day Impact**

The parties agree that any elementary classroom teacher who is at impact for a partial day as a result of a “walk-to” program, taking students from a split class, or receiving students for an intervention class may request the use of professional judgment funds.

7. **Specialist Impact**

Any elementary specialist (music, physical education, library, or writing)-who is at partial day impact as a result of students from a class which is at impact or is a split class shall be entitled to impact time and compensation as described in this article.

8. **Elementary Class Size Levels.**

[Note: A teacher shall receive triggered resources when her/his class size exceeds the target levels contained in the following chart] A good faith effort will be made to not exceed these levels.

When a class exceeds the impact level, the affected employee may meet with the administrator(s) to discuss possible alternatives for improving the learning process. This meeting shall occur within five (5) days of the request by the teacher. Any relief shall be mutually agreed upon by the administrator and the teacher, and shall be implemented within ten (10) working days.

12. **Specialist Work Load**

A good faith effort will be made to limit the number of daily preps for elementary specialists (music, technology, physical education, intervention, library/media).

E. **SECONDARY CLASS-SIZE AND TOTAL DAILY LOAD TRIGGER LEVELS**

1. **Equitable Class Loads and Electives.**

The two parties recognize that individual and combined student needs can disproportionately impact the learning environment in a classroom. In order to enhance learning opportunities for all students, the parties agree that class loads shall be distributed in an equitable manner that takes high impact factors into account. High impact factors include: total class size and caseload, student attendance, behavior and discipline patterns, teacher experience and expertise, environment and minutes of service considerations, HiCap, ELL, and/or, McKenny Vento enrollment. Concerns about the equitable distribution of students will be discussed initially with the building administrator. The parties will include the program administrator if appropriate. If the concern is not resolved the parties may refer to Article 2.

2. **Impact Paraprofessional Time.**

The District and the Association are committed to work toward total daily loads that do not exceed the levels shown in the chart below. If a total daily load is exceeded after the fifth day of a semester, secondary teachers shall be entitled to five (5) hours of "impact paraprofessional" time per week, unless other creative solutions are developed at the site or through the Article 2 Group or its designee with the approval of the affected teacher.

3. **Impact Paraprofessional Time – Flexible Options.**

Impact paraprofessional time will be added within ten (10) working days. A substitute impact paraprofessional may, at the teacher's discretion, be hired immediately to provide assistance until the impact paraprofessional can be hired. The teacher and the impact paraprofessional may also design a schedule of hours satisfactory to both parties other than simply the number of hours triggered. The modified schedule shall not exceed the overall number of hours triggered each semester unless other resources are made available pursuant to other sections of Article 37.

4. **Alternative Uses of Triggered Resources.**

If a secondary teacher qualifies for impact paraprofessional time and would like to use those resources in some other manner to address class size issues, they may develop a plan with their principal, site team, and/or Association building rep in a manner consistent with their site's site-based decision making procedures and the CBA.

Uses of triggered resources may include, but are not limited to, any of the following:

- a. "impact paraprofessional" time;
- b. certificated substitute time to either "release" the teacher from the classroom or to work in a classroom alongside the teacher;
- c. Overload payment of \$4.00 per student per day
- d. class field trips, etc.

5. **Secondary Class Size and Targeted Average.**

The employee workload in secondary classrooms (except band, choir, orchestra, and PE) shall average no more than 27 students per period, with a class size of 30 for impact. These calculations shall exclude student assistants or peer tutors. If an individual class exceeds the impact level (30), overload compensation will apply. If the overall targeted average of 27 is exceeded, overload compensation will apply. Employees will only receive overload compensation for one of the two provisions, whichever provides the greater compensation.

Employees must complete the monthly impact compensation claim and indicate which compensation option has been selected.

<b><u>Grade Level</u></b>	<b><u>Targeted Average –Impact</u></b>
Middle School	27 – 30
High School	27 – 30
PE – MS	30 – 34
PE – HS	32 – 36
Performance Music – MS	50 (impact only)
Performance Music – HS	70 (impact only)

6. **Secondary Class Trigger exceptions**

Secondary class triggers shall not apply in instances where the teacher and the administration at a site by mutual agreement have arranged through the Article 2 Group for a waiver to accommodate special variations in the curriculum, instructional methods, daily schedule, or staff organization. Waivers may be requested through the Article 2 Group according to the guidelines contained in Article 1.B.7. Any teacher who requested an exemption from secondary triggers may withdraw the request for the following school year by June 1. For safety purposes, no class excepted according to this section shall exceed seventy.

7. **Additional Impact Relief**

When a class exceeds the impact level, the affected employee may meet with the administrator(s) to discuss possible alternatives for improving the learning process. This meeting shall occur within five (5) days of the request by the teacher. Any relief shall be mutually agreed upon by the administrator and the teacher, and shall be implemented within ten (10) working days.

1 If any teacher initially qualifies for impact assistance and then at a later date within the  
2 semester, the class-size falls to or below the targeted average, these procedures will be  
3 followed:  
4

- 5 1. If an impact paraprofessional is hired, the District has the option to  
6 relocate/reassign the paraprofessional to another needed area within the school or  
7 District.  
8
- 9 2. Any previously purchased materials and supplies will remain with the  
10 classroom/school. Any previously booked field trips, etc. will be honored.

7 students. All Site-Level Special Education Resources designated for  
8 Occupational Therapist (OT), Physical Therapist (PT), and Speech Language  
9 Pathologist (SLP) only students will be maintained separately from the sites  
10 calculations. The building administrator will work collaboratively with the OT's,  
11 PT's, & SLP's for the expenditures necessary to serve the OT, PT and SLP  
12 students of the site where these funds were generated and align with the  
13 guidelines below in 38.A.3. The use of remaining resources will be considered  
14 and accessed by all Special Education team members in the building excluding  
15 OT's, PT's, SLP's & Psychologists as they carry out their duties in that building.  
16 School Psychologist test protocols and other testing materials shall be paid from  
17 the Special Services Department Budget. The allocation of \$100 per special  
18 education student will be made based on the special education students enrolled at  
19 that site based upon the April count of the previous year. In the event there are  
20 additional IEP students added after April, a new count and calculation will be  
21 conducted on October 1<sup>st</sup>.  
22
- 23 2. Each year, the District and the Association will jointly communicate the amount  
24 of resources available per site as of November 1 of that year. The use of these  
25 resources will be determined by the special education staff in collaboration with  
26 the building/site administrator.  
27
- 28 Employees serving students with special needs or 504 plans will receive  
29 necessary support including training, equipment, facilities and personnel.  
30

- 34 a. Fund impact time for specific student need that would be unmet otherwise.  
35 b. Pay for materials to meet teacher and student needs.  
36 c. Release time for special education teachers to monitor their paper flow.  
37 d. Release time for special education teachers to transition new students to  
38 their site.  
39 e. Fund training to support student needs.  
40 f. Half-day substitute as needed for staff planning and GQP or IEP meetings.  
41 g. Other ideas as designed by the site to meet student and staff needs.  
42  
43  
44  
45  
46

1 B. **Site-Level Special Education Committees.**

2 Each site will develop a process, including a committee composed of special education  
3 and general education employees, to address the challenges faced at their site. Each site  
4 will continue to seek solutions and create options for a continuum of services as deemed  
5 appropriate through its collaborative special education committee. District Special  
6 Services will assist and support sites to provide such a continuum of services. Each site  
7 special education committee will review on an ongoing basis program issues such as, but  
8 not limited to, the following:

- 9 1. flexibility of their site model;
- 10 2. an appropriate continuum of options, which may include, but not be limited to, an  
11 autism program, a behavior disorder program, or a behavior disorder room;
- 12 3. effective collaboration between special education and general education staff; and
- 13 4. overall best practices and program effectiveness.  
14  
15

16 C. **Site-Level Collaboration Funds.**

17 Collaboration funds will be allocated to each site from district resources. These funds  
18 shall be used to create collaborative relationships between general and special educators  
19 to enhance programs for Special Education students. Each site shall receive collaboration  
20 funds as follows: \$50,000 annually to be used by the sites (P-12) and distributed on a per  
21 special education student FTE, based upon the April count of the previous year.

35 D. **Program Development.**

- 36
- 37 1. Program development, including IEP and GQP processes and procedures, will be  
38 developed at each site in alignment with Board policy, state and federal laws, and  
39 the collective bargaining agreement.  
40  
41  
42  
43

2. Program development shall occur in alignment with the collective bargaining agreement, including the amount of special education dollars per special education student going to each building (38.A.); the options available to each site for resource use (38.A.3.); and the amount of Collaboration Funds at each site and the possible uses for these resources (38.C.).

E. **Placement Considerations.**

The Association and the District agree that great care needs to be given to the placement process when assigning special needs students to classes. Placement decisions by the IEP process shall consider student needs, teacher and classroom factors, and the resources available for support of accommodations. The District and Special Education Leadership Team will work together to ensure the referral and placement decision making process is consistent across all worksites. If a teacher has concerns about the appropriateness of a special education student's IEP or 504 plan, including the placement and/or level of services being provided and/or whether the student is benefitting from her/his IEP or 504 plan, the teacher should bring this concern to the IEP or 504 team. If unresolved, the matter may be referred to Article 2.

F. **Professional Judgment.**

Any teacher who determines, in his/her professional judgment, that high-impact student issues are negatively impacting the learning process, may utilize the process identified in Article 37, Section C. This provision extends the eligibility for Professional Judgment resources to special education employees and to general education employees working with special education students.

G. **District-Association Information-Sharing.**

The two parties recognize the value of working together to identify our special needs-related successes and to identify program areas needing improvement. The District will share with the Association leadership the results of any special education self-studies and any state-directed monitors that take place during the term of this Agreement. The District will also brief the Association leadership on any changes in federal and state special education rules and regulations that take effect during the term of this Agreement. The District will also share this information with bargaining unit members through on-going communication to include regular updates from Director and Special Education Team Leadership (SPEDTL) team members. The Association will also share with the District any information it gathers regarding special education-related issues.

H. **Special Education Caseload.**

For the purpose of this section, students shall count towards caseloads when the student becomes active in Skyward. In the event any SLP, OT, or School Psychologist caseload is more than 20% higher than the bargained overload limits, the District will meet with the employee upon request to discuss alternative remedies, which could include additional staffing, or a "Super FTE" contract for District staff.

1           1.     **Speech and Language Pathologists.**

2           The maximum caseload for a full time (1.0 FTE) speech and language pathologist  
3           (SLP) will not exceed 48 students per FTE. Each SLPA (6 hr.) that is assigned to  
4           the SLP program shall count as .15 FTE when calculating caseload (part-time  
5           SLPA hours shall be prorated into the formula). Assigned paraprofessionals who  
6           are not SLPAs will not count towards caseloads.

7           Factors used in determining caseloads include but are not limited to:

14          The SLP team will determine sites, program coverage, and sharing of work  
15          responsibilities with SLPAs, subject to the approval of the Special Services  
16          Director/designee.

17          Caseload reviews may be requested on a semester basis. In the event of inequitable  
18          caseload sizes among therapists, the SLPs shall work together to make adjustments as  
19          necessary.

20          When the number of IEP students exceeds forty-eight (48) relief will be provided at the  
21          rate of \$800 per semester (prorated to reflect the actual time of the overload) for each  
22          SLP per FTE. Such payment will be made in a lump sum at the first pay period  
23          following the end of the semester.  
24  
25

26           2.     **Occupational Therapists and Physical Therapists.**

27           The maximum caseload for a full-time (1.0 FTE) Occupational Therapist or Physical  
28           Therapist (OT/PT) will not exceed 45 students per FTE. Each fulltime COTA (Certified  
29           Occupational Therapist Assistant) that is assigned to the OT program shall count as .5  
30           FTE when calculating caseload (part time COTA hours shall be prorated into the  
31           formula).

32           Factors used in determining caseloads include but are not limited to:

- 33           a.       the number of sites assigned (including travel time and set-up/breakdown time)
- 34           b.       students' qualifying disabilities
- 35           c.       direct therapy time determined by the IEP
- 36           d.       availability and use of Paraprofessionals
- 37           e.       the number of assessments and Individualized Educational Plans
- 38           f.       assignment to the pre-school assessment team

39           The OT/PT team will meet to determine sites, program coverage, and the sharing of  
40           work responsibilities with COTAs subject to the approval of the Special Services  
41           Director/designee. Assigned paraprofessionals who are not COTAs will not count  
42           towards caseloads.  
43  
44

Caseload reviews may be requested on a semester basis. In the event of inequitable caseload sizes among therapists, the OTs and PTs shall work together to make adjustments as necessary.

When the District average number of IEP students exceeds forty-five (45) relief will be provided at the rate of \$800 per semester (prorated to reflect the actual time of the overload) for each OT and PT per FTE. Such payment will be made in a lump sum at the first pay period following the end of the semester.

3. **Pre-School Program.**

48     minimum of six (6) hours of paraprofessional support (per Article 38)  
49

the paraprofessional(s) will be scheduled in such a manner to provide a full six (6) hours of support. A good faith effort will be made to maintain consistency and continuity of paraprofessional staffing in self-contained programs.

J. **Special Education Facilities and Supplies.**

The District understands that adequate facilities must be provided in order for the staff to meet the IEP requirements of their students. Facilities include adequate bathrooms and toileting/diapering facilities, safe isolation rooms and any other facility or equipment required by students' IEPs.

When staff members believe that inadequate space exists, they will first attempt to find a solution at the building level. If a solution cannot be determined, the issue will be brought to Article 2 for discussion and resolution.

Each OT, PT, Special Education teacher, SLP, and School Psychologist will be provided a workspace in each building that will include:

- An office or work area that can be locked,

L. **Additional Days for Special Education Employees**

Ten (10) days per year shall be paid to all special education employees (special education teachers, SLPs, OTs, PT and school psychologists.) Each day shall be pro-rated by FTE and shall be documented via [District-provided form](#) in no less than full day increments. Teachers new to the District and new to teaching special education shall receive three (3) days for this purpose. This time will be spent in buildings but will not need to be recorded on timeslips.

**ARTICLE 39 -- BUILDING HANDBOOKS**

The Association, or its designee, will review building or faculty handbooks written for individual buildings in the District before said handbooks take effect.

1   **ARTICLE 40 -- REDUCTION IN FORCE**

2  
3   In the event that the District projects a revenue loss that could result in a Reduction in Force, it  
4   shall notify the Association prior to April 15. The District shall provide to the Association what  
5   it believes the basis for the projected loss of revenue is to be. The District may consider  
6   reductions in program, services, and personnel, but it will not reduce the workforce, place any  
7   employee on furlough/layoff status or adversely affect any certificated employee in contract  
8   status, on the basis of loss of revenue until the provisions of Part 1 hereunder have been  
9   complied with and unless such furlough/layoff or adverse action is consistent with Part 2  
10   hereunder.

11  
12   The procedure shall apply equally to all certificated employees of the District except the chief  
13   administrative officer (Superintendent) and those employees excluded from the Association  
14   bargaining unit by law, except that the District may choose to put back on the seniority list a  
15   provisional administrator. Any provisional administrator placed on the seniority list shall be  
16   placed there under the following provisions:

- 17  
18   A.     Only seniority earned while a teacher in Washington State shall count toward placement.  
19  
20   B.     Said placement shall take place before April 15th of any year.  
21  
22   C.     In the event other policies, rules or regulations of this District are found to be in conflict  
23           with this procedure, this procedure shall be controlling. This shall not prevent other  
24           bargaining units from bargaining similar procedures, as provided by law, except that in  
25           no way shall any agreement lessen or modify the protections under this section.  
26

27   **Part 1** -- The District shall implement the following procedure:

28  
29   A.     **Budget and Budget Information.**

30           Before May 1, the Superintendent shall report to the Board and the Association identical  
31           facts, figures and other material in order to determine the amount of projected revenue for  
32           the coming fiscal period.  
33

34   B.     **Additional Revenues.**

35           The Superintendent, with counsel from the Association, shall seek out, contact, apply for  
36           and negotiate for financial assistance from all known reasonable sources, and shall  
37           furnish the Board and Association reports of such efforts.  
38

39           The following provisions shall be considered minimum standards to consider in  
40           establishing the number of certificated positions available to operate the instructional  
41           program:

- 42  
43           1.     The lowest possible student-teacher ratio will be maintained as a matter of  
44                   primary importance to the education of students.  
45           2.     All cash reserves will be planned for use, excepting only those required by law.  
46  
47

3. When revenues are categorical and depend upon actual expenditures rather than budgeted amounts, every effort shall be made to maintain these programs to the limit of the categorical support; i.e., vocational education, special education, transportation, etc.
4. Capabilities will be maintained to provide legally required reports and processes, instructional leadership, as well as to provide for health and safety of students and staff.

Any additional revenue which shall become available to the District at any time during the ensuing school year shall be used in accordance with the standards contained in this subsection. Should the use of said revenue allow the District to employ additional certificated staff, said staff shall be employed from the employment pool established in Part 2 of this section.

**Part 2** -- In the event that after application of Part 1 above, it is determined that the necessity exists to effect a reduction in staff for the ensuing fiscal year, the following procedures will be utilized.

A. **Staffing Requirements.**

The number of certificated staff positions available to operate the instructional program shall be determined by the Board.

B. **Qualification for Seniority List.**

In order to qualify for ranking, an individual certificated employee must possess such valid Washington State certificates as may be required by law and/or state regulation and be eligible for membership in the bargaining unit represented by the Association for the purpose of bargaining, except where provided by this Article.

C. **Longevity Seniority Defined.**

1. Longevity seniority is defined as the number of years of contracted service one has accrued according to the Longevity Seniority Baseline (Item C.4.) The Seniority List shall be based on the expected time accrued by August 31 of each Contract year.

2. Contracted service includes the following:

- a. time worked under a continuing contract, including time spent in provisional or probationary status
- b. time worked under a leave-replacement contract
- c. time spent on paid leave
- d. time worked as a certificated substitute

3. Contracted service does not include the following:

- a. time spent on unpaid leave

4. **Longevity Seniority Baseline.**

The amount of longevity seniority accrued will be determined by the employee's years of experience in Washington State as reported on the S-275 report to the Office of the Superintendent of Public Instruction (OSPI)

1 D. **Longevity Seniority Criteria Applied.**

2 The following criteria shall be applied in the order in which they are listed to the  
3 employees covered by this Agreement:

- 4 1. Certificated staff members shall be ranked as to total longevity seniority as a  
5 certificated employee in Washington State.
- 6 2. In the event that ties exist after the application of D.1 above, those certificated  
7 staff members shall be ranked as to total longevity seniority as certificated  
8 employees in the District.
- 9 3. In the event that ties still exist after the application of D.2 above, those  
10 certificated staff members shall be ranked as to total education credits beyond the  
11 BA as computed by the District in accordance with placement on the salary scale,  
12 as of October 1, of the then current school year.
- 13 4. In the event ties continue to exist, the final selection shall be made by a  
14 disinterested third party.
- 15 5. The president of the Association for the year during which this procedure shall be  
16 implemented shall for the purposes of seniority be placed ahead of the most senior  
17 certificated employee in the District.

18  
19 E. **Ranking Order (Seniority).**

20 Every certificated employee shall be listed in conformance with subsection C above. The  
21 list shall be ordered from the highest rating with respect to the criteria to the lowest.  
22 Every certificated employee to which this procedure applies shall be provided with a list  
23 upon which that employee's name appears. In addition, the Association shall be provided  
24 with a copy of the list which includes the information specified in this subsection.  
25

26 F. **Appeals.**

27 Any staff member may, in writing, and within five (5) days of receipt of the list, file with  
28 the Superintendent or designee his/her objections to the ranking order. The employee  
29 may request consideration for the modification of the ranking order. Said individual must  
30 include in his/her request a full statement as to the fact on which the employee contends  
31 the list should be modified. If the Superintendent or designee rejects the individual's  
32 request for modification of the list, they shall do so in writing, and provide the individual  
33 and the Association with copies thereof. Any further appeal of placement shall be made  
34 pursuant to the grievance procedure of this contract.  
35

36 G. **Staff Selection.**

37 After subsection A through D of Part 2 have been complied with, the number of  
38 certificated staff required to operate the program as defined under Part 1 above, shall be  
39 selected by the Superintendent or designee in the following manner:  
40  
41  
42  
43  
44  
45  
46

1. The District shall allow all employees who so choose, upon written application, a leave of absence for the ensuing school year provided such leave request is submitted prior to May 1. Further, any certificated employee taking such leave shall be re-employed at the end of the ensuing school year at the same or comparable position and/or level with no loss of rights, benefits or seniority. Should revenue not be available to reemploy said individual at the end of the ensuing year and implementation of this policy is again necessary, this staff reduction procedure shall be applied to those individuals previously on leave in accordance with its application to all other staff members.
2. Staff selection shall be made from the list in strict descending order from highest to lowest listing on the basis of criteria listed in subsection B and subsection C above.
3. A copy of the proposed list for retention and furlough/layoff shall be delivered to the Association and original delivered to the Board not later than May 15.
4. The District shall, when assignments are made outside an employee's major area, provide such opportunity for retraining, recertification, and/or orientation to the new duties as may be appropriate and as may be supported within the available revenues. In any event, the annual evaluations of employees so assigned shall bear the notation that the assignment upon which they are then being evaluated is an emergency assignment outside of their major area.

H. **Furlough/Layoff Status and/or Adverse Change in Contract Status.**

Those individuals not selected for retention shall be recommended for placement on furlough/layoff status.

I. **Recall Procedure.**

1. All certificated employees who are on furlough/laid off status shall be placed in an employment pool for recall. Employment pool personnel shall keep the District Personnel Office advised of their current addresses. Employment pool personnel shall be given the opportunity to fill open positions for which they are qualified in subsection A above. If more than one (1) such employee is qualified for an open position, the criteria set forth in subsection C shall be applied to determine who shall be offered such position.
2. Any additional revenue that shall become available to the District at any time shall be used in a manner consistent with the guidelines and procedures specified in Part 1, and any resultant certificated employment opportunities shall be filled by recall of employees covered by this Agreement. When a vacancy occurs for which any person in the employment pool qualifies, notification from the school district to such individual will be by certified or registered mail. Such individual shall have fourteen (14) calendar days from receipt of the letter to accept the position. If any individual in the employment pool fails to accept a full-time position for which the employee is eligible or fails to receive the employment notice because the District was not kept up to date of the individual's address, pursuant to this procedure, such individual shall be dropped from the recall list.

- 1           3.     At the end of the school year in which any instructional program pursuant to Part 1.C  
2           is to be implemented, the certificated staff members remaining in the employment  
3           pool shall be offered contracts for available certificated positions for which they are  
4           qualified as per Part 2.B. In the event there are not sufficient positions to offer  
5           contracts to all employment pool personnel, the employment pool shall be  
6           reestablished. The District shall exhaust the recall pool before it hires any additional  
7           certificated staff for positions covered by this Agreement. The District shall draw its  
8           substitutes from the recall pool to the extent they are available and qualified.  
9

10    J.     **Application to Law.**

11       No provision of this policy shall be construed as an abrogation of the rights of any  
12       certificated employee, pursuant to RCW 28A.405 nor an abrogation of any of the  
13       District's or the Association's responsibilities under state law.

2  
3 A. **Philosophy.**

4 The Association and the District share the belief that co-curricular activities play a  
5 valuable role in our students' overall education.  
6

7 B. **Job Descriptions and Compensation Schedules.**

8 The Association and the District agree to jointly establish job descriptions and  
9 compensation schedules for those co-curricular positions jointly determined to lie within  
10 the bargaining unit represented by the Tumwater Education Association.  
11

12 C. **Article 2 Involvement.**

13 The parties agree that any problems or conflicts caused by implementing these

22

23 E. **Co-Curricular Compensation.**

24  
25 1. **Co-Curricular Compensation Schedule (see Appendix B).**

26 Co-curricular stipends are paid in the same manner as one's salary -- prorated  
27 over the twelve (12) months of the district's fiscal year. The amount of each co-  
28 curricular position's stipend is determined by multiplying its stipend percentage  
29 in the Co-Curricular Compensation Schedule times the Co-Curricular Base  
30 Salary. (Refer to Appendix B-1 for the current co-curricular compensation  
31 schedule.)

32 2. **Co-Curricular Base Salary.**

33 Unless otherwise bargained, for each year of this Agreement, the Co-Curricular  
34 Base Salary will increase by the same percentage as the Cost-of-Living-  
35 Adjustment (COLA) determined that year by the state.  
36

37 F. **Co-Curricular Job Descriptions.**

38 These job descriptions are maintained in the Co-Curricular Job Description Handbook

### **Just Cause and Progressive Discipline.**

#### Seven Tests of Just Cause

The concept of “just cause” referenced in Article 17A, requires that there be fundamental fairness in decisions related to the discipline and discharge of employees. Arbitrators often turn to the seven tests of just cause, generally phrased as follows:

1. Notice: Did the District give the employee forewarning of the possible consequences of the employee’s conduct?
2. Reasonable Rule or Order: Is the District’s rule, or the supervisor’s order reasonable for the orderly, efficient or safe operation of the District?
3. Investigation: Prior to discipline, did the District make an effort to determine if the employee violated or disobeyed the rule or order?
4. Fair Investigation: Was the investigation conducted fairly and objectively?
5. Proof: Did the person making the decision about the employee’s conduct obtain sufficient evidence to substantiate the decision?
6. Equal Treatment: Has the District applied its rules and penalties even-handedly?
7. Penalty: Was the discipline reasonably related to the seriousness of the offense and the employee’s past record?
