1 **PREAMBLE -- A PARTNERSHIP FOR QUALITY EDUCATION**

2
3 The Tumwater Education Association and the Tumwater School District share the goal of quality
4 education in Tumwater. We are committed, both as organizations and as individuals within
5 those organizations, to strive for a working relationship focused on providing the best possible
6 learning environment for students. We are further committed to building an ongoing partnership
7 anchored in our joint advocacy for students and for public education, a partnership that will
8 continue beyond the tenure of those currently in leadership in our respective organizations. We
9 believe such a partnership is strongest when based upon mutual trust and respect, shared beliefs,
10 and a commitment to making that partnership work. We also believe such partnerships among
11 all stakeholders in Tumwater’s public schools, including parents and guardians, support staff,
12 administrators, community members, and students, can provide a strong basis for improving
13 public education. Finally, we agree to work together to further integrate these shared beliefs,
14 commitments, and practices throughout this collective bargaining agreement.

1 **ARTICLE 1 -- SITE-BASED DECISION-MAKING**

2
3 **A. Site-Based Decision-Making Definition.**

4 The Association and District share the goal of quality learning in a caring environment.
5 As a means of achieving that goal, the parties agree to the process of site-based decision-
6 making.

7
8 The purposes of site-based decision-making are to place decision-making close to the
9 instructional delivery system and to increase each site's flexibility to respond to the needs
10 of its own communities, the changing educational environment, and the district strategic
11 plan. These changes give site members more decision-making authority but, at the same
12 time, place more accountability for results at the site. Site-based decision-making can
13 also give site members more latitude at their own site.

14
15 Site-based decision-making does not mean an abdication of authority and responsibility
16 at the district level. The District office will still provide strategic direction and beliefs,
17 coordinate efforts across sites, evaluate the effectiveness of individual sites, and be a
18 source of expertise and support. The relationship between the site members and district
19 office is dependent upon collaboration and mutual influence.

20
21 Site-based decision-making is a joint planning and problem-solving process that
22 incorporates the following elements:

- 23
- 24 1. Responds to diverse educational needs
 - 25
 - 26 2. Departs from traditional management practices
 - 27
 - 28 3. Shifts decision-making from a centralized process to a shared process involving
29 certificated staff, classified staff, administrators, community and parents, and
30 students, where appropriate
 - 31
 - 32 4. Requires time, commitment, and trust
 - 33
 - 34 5. Empowers educational employees and increases the involvement of all staff in the
35 educational process
 - 36
 - 37 6. Reaches the goal of improved achievement and instruction

1 **B. Site-Based Decision-Making Operating Principles.**

2 Site decisions shall be made in accordance with the following operating principles:

- 3
- 4 1. All decisions will comply with board policies, state laws, or any of the collective
5 bargaining agreements that affect staff members.
6
 - 7 2. Decisions will be made with the involvement of community members and parents,
8 the district office through site partners, the school board, the unions, and students.
9
 - 10 3. Decisions will bring sites closer to achieving district-wide strategic outcomes and
11 will move the site toward improved student learning.
12
 - 13 4. Decisions will bring collective responsibility and accountability through the site
14 team process and team structures.
15
 - 16 5. Decisions will include an evaluation component that reviews the effectiveness of:
17
 - 18 a. the process through which the decision was made and
 - 19 b. the product--the results of the decision.
20
 - 21 6. All decisions will be made collectively, without the ability of any individual to veto
22 a site decision.
23
 - 24 7. If a site, or program such as Pre-School or any other as defined by Article 2, wants
25 to waive a provision of the union contract, it must get the approval of the Article 2
26 Group. Waivers will require 90% approval of employees assigned to the site or
27 program and will be reviewed annually at each site or within each program.
28
 - 29 8. If an individual or site has a concern that a contractual issue has not been
30 appropriately addressed at the site or program level, they may make a request to the
31 Article 2 Group for assistance. The Article 2 Group will discuss the concern and
32 determine a follow-up plan which may include convening an assistance team to
33 facilitate problem-solving. The team will be composed of an equal number of
34 members selected by each party. The team may assist the site or program with its
35 decision-making process, role clarification, conflict resolution, specific trainings, or
36 other issues that might arise.

1 C. **Expectations Checklist for Site Planning – The Process.**

2 Every site will create a plan for the year. In order to assure greater success in creating and
3 implementing this plan, each site will incorporate steps 1 through 16:

- 4 1. Develop and/or review operating principles for working together at the site
- 5 2. Identify major areas of decision-making at each site and establish the structures
6 and processes for making those decisions
- 7 3. Move the site toward improved learning and teaching
- 8 4. Incorporate the operating principles for site-based decision-making
- 9 5. Identify needs, including the site’s staff development needs
- 10 6. Prioritize needs
- 11 7. Set site goals
- 12 8. Create a written site plan and a schedule to implement the plan (can be multi-year)
- 13 9. Allocate resources according to identified priorities
- 14 10. Devise a process to report site team activities regularly to the entire site
- 15 11. Devise a process to evaluate the plan, including:
 - 16 a. The product--the results of the plan
 - 17 b. The process used to create and implement the plan
- 18
- 19 12. Continue to define and clarify the relationship between the site team and other
20 leadership/governance structures at the site.
- 21
- 22 13. Develop and expand leadership opportunities within the total school community.
23
- 24 14. Increase access and involvement by the total school community, including
25 students, parents and community members.
26
- 27 15. Develop and implement an ongoing strategy to effectively assess and work to
28 improve staff, parent, and student satisfaction with the learning environment and
29 working climate at each site.
30
- 31 16. Participate in other activities mutually agreed upon by the District and the
32 Association.

1 D. **Site Planning – The Product.**

2 In addition to regular site planning, each site is strongly encouraged to undertake the
3 following:

- 4
- 5 1. Develop creative internal strategies and/or recommendations to the Article 2
6 Group, or an ad hoc staffing advisory committee appointed by the Article 2
7 Group, to respond effectively to staffing and class size issues.
 - 8 2. Develop an effective strategy for identifying and meeting staff development needs
9 at the site.
 - 10 3. Create a plan to generate additional planning/thinking time.
 - 11 4. Generate plans to access additional resources to assist teachers working with
12 special needs students.
- 13

14 E. **Site Team/Leadership Funding.**

- 15
- 16 1. In recognition of both parties' joint commitment to site-based decision making,
17 funding will be provided for site teams at the following levels. Sites may determine
18 the number of site team members and the actual amount of compensation provided
19 each member. Sites wishing to supplement site team funds from the building
20 budget, or wishing to use time-sheets instead of stipends as the manner of payment
21 to site team members, may do so.
- 22

28	<u>Secondary Options \$ 800</u>
29	
30	TOTAL \$76,400

- 31
- 32 2. Each site needs to continue to define and clarify the relationship between the site
33 team and other leadership/governance structures at the site. Funding currently
34 designated for department heads will continue, but the site and individual
35 departments need to examine the evolving roles of department heads and department
36 members and determine the best use of resources to achieve improved teaching and
37 learning.

38 F. **Communication Among Site Teams.**

39 The Article 2 Group will explore possible structures and/or processes for ensuring district-
40 wide communication among building-based site teams.

1 **ARTICLE 2 -- AGREEMENT ADMINISTRATION AND PARTNERSHIP-BUILDING**

2
3 **A. Article 2 Group Defined.**

4 A joint Association-District committee known as the Article 2 Group will consist of
5 District representatives chosen and designated by the District, and Association
6 representatives chosen and designated by the Association. The Article 2 group shall meet
7 at least twice a month (exclusive of summer, and one day in September and one day in
8 June) during each year of this Agreement to review and discuss current school issues and
9 practices in the district and the administration of this Agreement, including its
10 commitment to building a strong partnership to achieve our shared goal of quality
11 education in Tumwater.
12

13 **B. Issues of Contractual Significance.**

14 The Article 2 Group will also have the responsibility of addressing issues with
15 contractual significance. The Article 2 Group may choose to process these issues itself,
16 or to delegate them to such ad hoc groups as it deems appropriate. It shall be the
17 responsibility of the Article 2 Group to ensure that such items are accompanied by a clear
18 charge regarding what kind of product or solution is being sought, what kind of process
19 will be used to get there (including timeline), and what kind of decision making will be
20 necessary for final approval. Issues referred to the Article 2 Group may result in Letters
21 of Agreement and/or new contract language.
22

23 **C. Relationship-Building between District and Association Leadership.**

24 The Association and the District agree that talking and working together is often the key
25 to improved working relationships. As tangible evidence of our mutual commitment to
26 improving teaching and learning in Tumwater, each group agrees to work toward
27 providing the other with greater access to their respective leadership groups and, as a first
28 step, to be receptive to requests to appear in person before those groups. Both parties
29 believe that we must work to build authentic relationships between Tumwater Education
30 Association leadership and Tumwater School District administrative staff if we are to
31 achieve the benefits of a genuine partnership in Tumwater, and if we are to move toward
32 joint administration of the Agreement at all sites.
33

34 **D. Association Representatives on District Committees.**

35 In order to more effectively build an ongoing partnership anchored in our joint advocacy for
36 students and for public education, the Association shall be able to appoint representatives to
37 each major district committee involved in efforts which affect the quality of education in
38 Tumwater. These representatives shall be chosen and designated as follows:

- 39 1. District Budget Advisory committee, three (3) representatives
- 40 2. District Safety Committee, one (1) representative
- 41 3. Superintendent's Roundtable, one (1) representative
- 42 4. District Action Planning Committee, three (3) representatives
- 43 5. Student Learning Coordinating Committee, one (1) representative
- 44 6. District Affirmative Action Committee, one (1) representative
- 45 7. Other committees as mutually agreed upon by the District and the Association.

1 E. **Article 2 Resource Pool.**

2 The Article 2 Group shall have available a shared resource of \$9,000 to use as mutually
3 agreed to support our joint efforts to improve partnerships, and teaching and learning, in
4 Tumwater School District. Rate of payment for activities funded through this pool will
5 be determined as mutually agreed by the Article 2 Group. Possible uses of this resource
6 pool could include:

- 7
- 8 1. Supplementing site planning resources or staff development funds on a case-by-case
9 basis.
 - 10 2. Providing release time for staff to support problem-solving activities.
 - 11 3. Providing release time for staff to support activities aimed at improving working
12 relations among staff, parents, and community members.
 - 13 4. Providing release time for staff to visit other sites and other districts, or to attend
14 conferences and similar activities.
 - 15 5. Providing release time for Association representatives to attend Article 2 Group
16 meetings and joint bargaining meetings.
- 17
18
19
20
21

22 The disposition of unused funds from the Article 2 resource pool at the end of the year will
23 be determined by the Article 2 Group. If the Article 2 Group cannot agree on an alternative
24 disposition of these funds, they will be distributed on a per-student basis to sites for site-
25 based priorities.

26
27 F. **Site Team Coordinating Council.**

28 The Association and the District agree to evaluate the function, role, structure, and
29 effectiveness of the Site Team Coordinating Council as part of a joint effort to develop a
30 structure and/or process to ensure continued progress toward improved teaching and
31 learning in Tumwater. This will be done in part to determine whether to continue such a
32 district-wide structure as the STCC, and if so, in what form it should continue. This
33 evaluation will be overseen by the Article 2 Group.

34
35 G. **Information and Reports.**

36 Any information or reports necessary to support District/Association topic discussions at
37 Article 2 will be mutually identified by the Article 2 Group in ample time for preparation
38 of the information or reports.

3 continue or establish a variety of contractual resources (see list below). The parties further
4 agree to undertake an annual review of the utilization of these resources in order to
5 continually improve both the efficiency of and the value derived from their use. The District
6 and the Association agree that if there are major reductions or increases in state funding

4 No employee shall be reprimanded, disciplined, adversely affected or deprived of any
5 professional advantage without just cause. It is expressly understood that the District will
6 follow a policy of progressive discipline.

7
8 Prior to issuing discipline, non-disciplinary, documented verbal warnings and Letters of
9 Direction may be issued. Documentation of a verbal warning will be limited in
10 description, but will serve to verify the date and nature of the event, and the conversation
11 which occurred between the employee and supervisor.

12
13 The District may issue a Letter of Direction to an employee where appropriate. The
14 Letter of Direction shall guide and advise the employee on future conduct, be non-
15 disciplinary in nature, contain no findings of wrong-doing on the part of the employee,
16 and will not include a suggestion that future acts of a similar nature will be disciplinary.

17
18 Employees may have Association representation during a verbal warning conversation, as
19 well as when receiving a Letter of Direction. Documentation of a verbal warning and a

22 time/date stamp.

23
24 Discipline shall include: (1) written warning(s), (2) Letter(s) of Reprimand, (3)

29 employee and the Association upon request. All specific grounds forming the basis for
30 disciplinary action shall be in writing.

31 **C. Limitations Upon Future Application of Disciplinary Notices.**

32 No disciplinary notices more than one (1) year old shall be applied toward future disciplinary
33 actions unless the same offense was committed during the one (1) year period of time.

34 **D. Disciplinary Notice Follow-Up.**

35 If an employee receives a disciplinary notice and if such employee goes for one (1) year
36 without further discipline, she/he shall be furnished a follow-up notice to this effect with a
37 copy of such follow-up notice placed in the employee's personnel file.

38 **E. Limitations Upon Use of Complaints.**

39 Any complaint made against an employee or person for whom the employee is administratively
40 responsible by any parent, student or other person, and not called promptly to the attention of
41 the employee may not be used as the basis for any disciplinary action against the employee.

1 F. **Employee Notification of and Right to Representation.**
2 An employee shall be entitled to have present a representative of the Association during any
3 disciplinary action or during any investigatory meeting that the employee reasonably
4 believes could lead to disciplinary action. When a request for such representation is made,
5 no action shall be taken with respect to the employee until such representative of the
6 Association is present. Further, in the event a disciplinary action is to be taken, the
7 employee shall be advised of the right to representation under this provision of the contract
8 prior to the action being taken.

9 G. **Procedures Involving Allegations of Misconduct.**

1. The practice of using regular employed employees as substitutes shall be discouraged. When an employee is requested or required to cover a class during her/his planning period or takes an additional full class during the time that they are already teaching a class, he/she shall be reimbursed at their per diem rate of pay prorated to reflect the actual amount of time thus spent. If two/three teachers split a full classroom they will each receive half/third the amount of time thus spent. Authorization for class covering shall be made by the building principal.
2. Reimbursement for class covering shall come from a District budget line item, and compensation for class covering shall be made the following month.
3. The class coveree (person leaving for a short period of time) shall not have any reprisals either in reduction of leaves and/or remuneration, once the class covering authorization has been granted. Arrangements for class covering may be made between teachers with prior approval of building principal.

G. **Article 2 Problem-Solving Process.**

The District and the Association agree to explore concepts through the Article 2 problem-solving process that address planning time for elementary teachers, preparation for exploratories at the middle school level, pay equity issues and travel status issues for elementary specialists, and the option of relinquishing a planning period in order to teach another section at the secondary level.

1 **ARTICLE 22 - STAFF DEVELOPMENT**

2
3 **A. Staff Development Allocation.**

4 The parties agree that improving one's professional ability is a part of our regular work.
5 In order to reinforce this belief, the following amounts of staff development funds will be
6 allocated each year to the sites on a per-staff FTE basis, unless agreed otherwise:

7 2018-2020 \$102,000

- 8 1. \$20,000 of the above staff development funds will be directed by the district
9 to provide district provided staff development opportunities and clock hours to
10 employees in compliance with law.

11
12 **B. Staff Development Options.**

13 Each site will be able to determine how to use its Staff Development funds. Whenever
14 possible and practical, sites will be encouraged to coordinate their staff development
15 activities in order to maximize efficient use of these resources. Options for use of Staff
16 Development funds may include:

- 17
18 1. Paying registration fees, expenses, and substitute costs so staff can attend
19 workshops, conferences, professional meetings, and training;
20
21 2. Bringing a workshop presenter to the building;
22
23 3. Purchasing reference or training materials to enhance staff knowledge and skills; and
24
25 4. Paying for substitutes to release employees in Tumwater schools to prepare and
26 make presentations in and out of Tumwater School District as an education
27 professional, or to make professional visitations to other buildings or districts.
28

29 **C. Staff Development Carryover.**

30 The District has a past practice of carrying over unused resources in Staff Development.
31 In the event the District is able and determines that unused Staff Development resources
32 will be carried over, the disposition of such funds will be determined by the Article 2
33 Group as part of its annual review of contractual resources. If the parties cannot mutually
34 agree on an alternative use for these funds, the District and the Association agree that
35 these resources will be kept at each site to address site-based priorities.

26 benefits to bargaining unit members as passed and funded by the Legislature. Salaries
27 shall be as negotiated and shown in Appendix A.
28

29 **In-Service Compensation outside the Workday.**

30 The parties agree that employees will be paid at their curriculum rate for in-service
31 training occurring outside the normal work day if the district requires the employee to

16

17 Insurance benefits will be pooled according to state regulations.

18
19 The pool will be distributed as follows:

- 20 1. The pooled amount will be applied to the basic benefits (dental, LTD, vision, and
21 medical).
- 22 2. The balance will be equally distributed among members of the bargaining unit. If a
23 bargaining unit member's premiums are fully paid, the excess will be pooled and

1 E. **Insurance Benefit Pool.**

2 To gain maximum utilization of the State insurance appropriation, the District agrees to
3 do an analysis of employee insurance plan enrollment each year. The District will
4 determine whether the maximum amount committed by the District will be expended by
5 payment of the premium for plans in which employees have enrolled.
6

7 1. **Insurance Pool.**

8 Any amount of an employee's insurance allocation that is not used by the
9 individual employee shall be allocated to an insurance pool. The new pool
10 amount shall be allocated based on each employee's FTE up to the cost of his/her

1 **ARTICLE 32 – EVALUATION**
2

3 **The following evaluation language shall apply only to those certificated staff not being**
4 **evaluated using the OSPI-approved, Danielson framework:**
5

6 **A. Evaluation Philosophy.**

7 The Association and the District recognize that an ongoing effort to improve individual
8 and team performance is a key characteristic of any high quality organization. We share
9 a commitment to work together to make this happen.

10 Our philosophical goal is to move toward a supportive environment which leads
11 employees to ongoing reflective thinking about their own performance and the factors
12 which influence their effectiveness. The purpose of such reflection is to enhance our
13 employees’ personal and professional growth and ability to successfully assist our
14 students to accomplish such learning goals as:

- 15 • Read with comprehension, write with skill, and communicate effectively and
16 responsibly in a variety of ways and settings.
- 17 • Know and apply the core concepts and principles of mathematics; social, physical and
18 life sciences; civics and history; geography; fine arts; and health and fitness.
- 19 • Think analytically, logically, and creatively; and integrate experience and knowledge
20 to form reasoned judgments and solve problems.
- 21 • Understand the importance of work and how performance, effort, and decisions
22 directly impact future career and educational opportunities.
- 23 • Be responsible for one’s actions, develop positive self-worth by enhancing learner
24 competence and good work habits; show respect for others, participate as a citizen,
25 and become a lifelong learner.

26
27 **B. Evaluation Prerequisites.**

- 28 1. The evaluation procedures set forth herein shall provide for a positive attitude to
29 be maintained by all parties toward the development and improvement of the
30 instructional program of the District. The evaluation procedure shall recognize
31 high levels of performance and encourage improvement in specific identifiable
32 areas through the systematic assessment of the instructional program and shall be
33 recognized as a high priority responsibility.

1 **1. PGO Philosophy**

- 2 a. The primary focus of evaluation shall be to improve teaching and encourage
3 professional growth. The Professional Growth Option, hereafter referred to
4 as PGO, is a process which is teacher-centered, encourages peer sharing and
5 support, and includes self-evaluation and goal setting. This process is
6 separate from the traditional, summative review and all observation and
7 comment related to PGO, with the exception of the PGO verification form,
8 shall not be included as part of the employee's permanent record.
- 9 b. The supervisor and the staff member share the responsibility for PGO. The
10 fundamental activity of this option is the development of specific teaching
11 and/or direct job-related goals between the staff member and the supervisor.
12 The number of goals is less important than the form and substance of the
13 goals and in most cases would range from one to four. Normally the goals
14 would be established in accordance with their potential impact on student
15 learning.
- 16
17
- 18 c. Peer involvement is heartily encouraged as a part of PGO. Individuals may
19 elect to use colleagues in observation, data collection or as collaborators.
20 Employees may choose to work in teams, department groups or grade levels.
21 The supervisor acts as a coach, observer, facilitator and/or data collector.
22

23 **2. PGO Process**

- 24 a. The employee and her/his administrative evaluator must mutually agree to
25 participate in the PGO. Each of them must also have completed at least
26 once the PGO training offered each year by the District. Such training
27 shall include goal setting, communication skills, and strategies for
28 instructional improvement.
- 29
- 30 b. PGO shall encourage professional growth through goal setting and shall
31 involve the teacher and the administrator in cooperative discussions,
32 planning and collegial interaction for the accomplishment of goals.
- 33
- 34 c. The employee shall complete an annual self-assessment, including the
35 setting of individual professional goals and outlining a plan for
36 accomplishing them.
- 37
- 38 d. Teams of employees may choose to go through this process together with
39 team goals.
- 40
- 41 e. The plan may include observation and comment by one or more peers of
42 the employee's choice, comment by students and/or comment by parents
43 of students. Such observation and comment shall not be included as part
44 of the employee's permanent records.
- 45
46
47
48

- f. Information from the PGO cycle is the property of the employee and may not pass to the personnel file. Only the PGO verification form will be placed in the personnel file.
- g. At all times during the professional growth option, collaborative interaction, based on trust and confidence, is encouraged. Growth is the desired outcome and the PGO should not represent a threat.
- h. PGO shall model authentic assessment for students.
- i. Employees who participate in the PGO will receive \$50 in their initial year of participation to support achievement of their professional goals. Sites are to submit written notification to the Human Resources Office identifying new PGO participants so proper payments can be made.

3. PGO Timelines

- a. During September and October, employee participants and supervisors shall meet to discuss thoroughly the potential goals and to complete the PGO Planning Worksheet (Appendix E-2).
- b. Throughout the year, the supervisor shall meet formally and informally with the employee and any involved peers to discuss collaboratively the progress on the goals and to refine and update any need for resources.
- c. In March and April, a final meeting shall be held to review achievement of the goals. At this meeting the Professional Growth Verification Form (Appendix E-1) shall be compiled collaboratively to be submitted to the district personnel file. The supervisor shall verify that the employee has participated in the PGO.

E. Long-form Evaluation Process.

- 1. This evaluation process must occur at least once every six (6) years. (Appendix E-3)
- 2. Annually, employees shall be observed a minimum of sixty (60) minutes prior to the formal evaluation conference. At least one (1) observation shall not be less than thirty (30) continuous minutes in length. Provisional employees shall be observed for a total of not less than thirty (30) minutes during the first ninety (90) calendar days of employment. For continuing contract employees, at least one (1) observation shall be held by March 15.
- 3. Observations shall take place under a variety of circumstances such as different subject areas, different instructional methods and different times of the day, week and year. At least one (1) observation shall be considered formal. Formal observations shall include a joint planning meeting prior to the observation, utilization of the Evaluation Criteria (Appendix E-4 and/or E-5) as a basis for the observation, and a follow-up discussion with the evaluatee within five (5) days following the observation. Following any other observation, a conference may be called by either the evaluator or evaluatee to discuss the observation.

1 4. The evaluator shall complete an evaluation report and hold the formal evaluation
2 conference not later than June 1. The evaluator shall note the strengths and areas
3 for improvement, if any. Deficiencies noted shall be supported with related
4 examples. A growth plan shall be mutually established from adopted criteria
5 where areas for improvement have been identified. The evaluator shall use the
6 evaluation criteria (Appendix E-4 and/or E-5) as the basis for the evaluation. The
7 evaluatee shall sign both copies of the evaluation report form and shall have the
8 exclusive right to attach an addendum statement. Distribution of the evaluation
9 report forms should be: (1) Original copy to the school district personnel file; (2)
10 Second copy to the evaluatee.

11
12 5. **Performance Notification**

13 The District and the Association recognize the importance of sufficient time for
14 an employee to address performance concerns raised by an evaluator during the
15 evaluation process. Therefore no employee shall receive an unsatisfactory
16 evaluation at their formal evaluation conference without having been notified in
17 writing of performance concerns that could result in such an unsatisfactory
18 evaluation. Such notification shall occur as soon as possible, and no later than
19 March 15.

20
21 F. **Short-Form Evaluation Process.**

22 After four (4) years of satisfactory long-form evaluations, the supervisor and employee
23 may mutually agree to participate in the short-form evaluation process. The short-form
24 evaluation (Appendix E-6) shall consist of:

- 25
26 1. One 30-minute observation with a written summary, or
27 2. Two observation periods totaling at least 60 minutes without written summary,
28 but with a final annual written evaluation.

29
30 Long-form evaluations must occur at least once every six (6) years. The employee may
31 request a long-form evaluation at any time. No employee shall be required or requested
32 to participate in a short-form evaluation process. The short-form evaluation process may
33 not be used for determining unsatisfactory work, nor as probable cause for non-renewal.

34
35 The following procedural requirements of the long-form evaluation process shall apply:

- 36
37 1. Designation of the evaluator;
38 2. Time limit on the delivery of an observation(s) form(s);

1
2 **G. Probationary Procedures.**
3

4 The probationary procedure as set forth herein shall provide an employee with assistance
5 through consulting, counseling, and providing other resources as may be utilized in the
6 improvement of performance relating to the instructional program. If it becomes
7 necessary to place an employee on probation, such action shall be in accordance with the
8 Evaluation Procedure as contained in this Agreement. Such probationary period shall be
9 from not later than February 1 to no later than May 1 of the same year. The probationary
10 process is to be implemented and completed within this time frame. In carrying out the
11 probationary procedure, the following steps shall be followed:

14 representative of the Association, in an attempt to resolve matters relating to
15 performance before probation is recommended.
16

17 **Step 2** -- If the evaluator recommends probation and the Superintendent takes action to
18 place the employee on probation, the employee shall be notified in writing of:

- 19 a. Specific areas of deficiencies;

21 shall include identifying specific performance expectations aimed at
22 remedying the deficiency; and

34 **Step 4** -- Unless the employee has previously been removed from probation, the
35 evaluator shall submit a written report to the Superintendent at the end of the
36 probationary period which shall set forth one (1) of the following
37 recommendations:

- 38 a. That the employee has demonstrated sufficient improvements in the
39 stated area of deficiency to justify the removal of the probationary
40 status; or
41 b. That the employee has not demonstrated sufficient improvement in the
42 stated areas of deficiency, and action should be taken to non-renew the
43 employee.
44

1 **Article 32 A - Evaluation of Teachers**

2
3 The following evaluation language shall apply only to those certificated staff being evaluated
4 using the OSPI-approved, Danielson framework rubrics.

5
6 **Section 1 - Evaluation System Preamble**

7
8 An evaluation system for teachers has the following elements, goals, and objectives:

- 9
10 1. The evaluation procedures set forth herein shall be to improve the educational program
11 by improving the quality of instruction.
12 2. The evaluation process shall provide support for professional growth.
13 3. Within the selected instructional framework teachers will be allowed to exercise their
14 professional judgment and will be evaluated on their practice, skills, and knowledge.
15

16 The parties agree that the following evaluation system is to be implemented in a manner
17 consistent with good faith and mutual respect and, as defined in RCW 28A.405.110 (1).

18
19 Additionally, the parties agree that the evaluation process is one which will be implemented with
20 collaboration between the evaluator and the bargaining unit member, as described in
21 WAC 392-191-025:

22
23 “To identify in consultation with classroom teachers and certificated support personnel observed,
24 particular areas in which their professional performance is satisfactory or outstanding, and
25 particular areas in which the classroom teacher or support person needs to improve his or her
26 performance.”

27
28 Purpose – The following evaluation process has the following elements, goals, and objectives:
29 “An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system
30 must encourage improvements in teaching skills, techniques, and abilities by identifying areas
31 needing improvement; (3) an evaluation system must provide a mechanism to make meaningful
32 distinctions among teachers and to acknowledge, recognize, and encourage superior teaching
33 performance; and (4) an evaluation system must encourage respect in the evaluation process by
34 the persons conducting the evaluations and the persons subject to the evaluations through
35 recognizing the importance of objective standards and minimizing subjectivity.”
36

37 **Section 2 – Definitions and Notes**

38
39 **Artifacts** shall mean any products generated, developed, or used by a certificated teacher.

40
41 **Certificated Principal** "principal," and "assistant principal" mean a person who is employed to
42 supervise the operation and management of a school (WAC 181-79A-140 (4) (a) or (6)(h).)

1 **Certificated Classroom Teacher** and "teacher" mean a certificated employee who provides
2 academically focused instruction to students and holds one or more of the certificates pursuant to
3 WAC 181-79A-140 (1) through (3) and (6)(a) through (e) and (g).

4
5 **Component** shall mean the sub-section of each criterion.

6
7 **Criteria** shall mean the eight (8) state defined categories to be scored.

8
9 **Evaluation** shall mean the ongoing process of identifying, gathering, and using information to
10 assess total job effectiveness, improve professional performance, and make personnel decisions.

11
12 **Evaluator** shall mean a certificated administrator who has been trained in observation and
13 evaluation techniques, and in the use of the specific instructional framework and rubrics
14 contained in this agreement.

15
16 **Evidence** means observed practice, products or results of a certificated classroom teacher's work
17 that demonstrates knowledge and skills of the educator with respect to the four-level rating
18 system. Such evidence shall include artifacts produced or resulting from the normal course of
19 professional performance during the school year.

20
21 Both the teacher and the evaluator shall contribute evidence to the overall assessment of
22 professional performance. If, after completing the minimum required observations, both the teacher
23 and evaluator agree on the score for a criterion, no additional evidence will be required to be
24 collected for that criterion. It shall be the nature and quality of the evidence, not the quantity of
25 evidence that determines the criterion rating.

26 Unsubstantiated complaints against an employee shall not be included in any documentation
27 pertaining to any evaluation.

28
29 **Formal Observation** means any observation which is scheduled in advance between the teacher
30 and evaluator for the purpose of evaluation.

31
32 **Informal observation** means any non-scheduled observation during which evidence is gathered
33 by an evaluator to inform a teacher's final evaluation.

34
35 **Observe** or "observation" means the gathering of evidence made through classroom or worksite
36 visits for the purpose of examining evidence over time using the instructional framework rubrics.

37
38 **Rubrics** or "rubric row" means the descriptions of practice used to capture evidence and data and
39 classify teaching performance and student growth using the evaluation criteria and the four-level
40 rating system.

1 **Satisfactory/Unsatisfactory**

2
3 **Satisfactory-** Overall summative performance ratings of Proficient (Level 3) or Distinguished
4 (Level 4) are considered satisfactory for all teachers. For teachers in their first five years of the
5 profession, a performance rating of Basic (Level 2) is also considered satisfactory.

6
7 **Unsatisfactory-** An Overall summative performance rating of Unsatisfactory (Level 1) is
8 considered not satisfactory for all teachers. Teachers on a continuing contract with more than
9 five years of teaching experience who receive a summative performance rating of Basic
10 (Level 2) two years in a row, or two years within a consecutive three-year period are also
11 considered unsatisfactory.

12
13 **Student Growth** shall mean change in student achievement between two points in time.

14
15 **Student Growth Data** shall be selected by the teacher and discussed with the evaluator.
16 Assessments used to demonstrate such growth shall primarily be classroom-based and shall be
17 initiated by the classroom teacher. Assessments used to demonstrate growth must be appropriate,
18 relevant, and may include both formative and summative measures.

19
20 **Summative Performance Ratings** means the four performance levels applied using the four
21 level rating system: Level 1 – Unsatisfactory; Level 2 – Basic; Level 3 – Proficient;
22 Level 4 – Distinguished.

23
24 (1) Unsatisfactory: Professional practice at Level 1 shows evidence of not understanding the
25 concepts underlying individual components of the criteria. This level of practice is ineffective
26 and inefficient and may represent practice that is harmful to student learning progress,
27 professional learning environment, or individual teaching practice. This level requires immediate
28 intervention.

29 (2) Basic: Professional practice at Level 2 shows a developing understanding of the
30 knowledge and skills of the criteria required to practice, but performance is inconsistent over a
31 period of time due to lack of experience, expertise, and/or commitment. This level may be
32 considered minimally competent for teachers early in their careers but insufficient for more
33 experienced teachers. This level requires specific support.

34 (3) Proficient: Professional practice at Level 3 shows evidence of thorough knowledge of all
35 aspects of the profession. This is successful, accomplished, professional, and effective practice.
36 Teaching at this level utilizes a broad repertoire of strategies and activities to support student
37 learning. At this level, teaching is strengthened and expanded through purposeful, collaborative
38 sharing and learning with colleagues as well as ongoing self-reflection and professional
39 improvement.

40 (4) Distinguished: Professional practice at Level 4 is that of a master professional whose
41 practices operate at a qualitatively different level from those of other professional peers. To
42 achieve this rating, a teacher would need to have received a majority of distinguished ratings on
43 the criterion scores. A teacher at this level must show evidence of average to high impact on
44 student growth. Ongoing, reflective teaching is demonstrated through the highest level of
45 expertise and commitment to all students' learning, challenging professional growth, and
46 collaborative practice.

1
2 **Section 3 – State Criteria, Framework, and Scoring**
3

4 The parties have agreed to the adopted evidence-based instructional framework developed by
5 Charlotte Danielson and approved by OSPI. The complete instructional framework is found at:
6 <http://tpep-wa.org/wp-content/uploads/Danielson-Rubrics-by-criteria-ca.pdf>
7

8 The following criteria will be used to evaluate certificated classroom teachers:

- 9 1. Centering instruction on high expectations for student achievement;
10 2. Demonstrating effective teaching practices;
11 3. Recognizing individual student learning needs and developing strategies to address those
12 needs;
13 4. Providing clear and intentional focus on subject matter, content, and curriculum;
14 5. Fostering and managing a safe, positive learning environment;
15 6. Using multiple student data elements to modify instruction and improve student learning;
16 7. Communicating and collaborating with parents and school community;
17 8. Exhibiting collaborative and collegial practices focused on improving instructional
18 practice and student learning.
19

20 Student growth data must be a substantial factor in evaluating the summative performance of
21 certificated classroom teachers for criteria 3, 6, and 8.
22

23 **Criterion Scores**

24 Each rating will be assigned the following numeric values:

25 Unsatisfactory – 1 Basic – 2 Proficient – 3 Distinguished – 4

26 An employee shall receive one of the four performance ratings for each of the minimum criteria.
27 Additionally, an employee shall receive one of the four performance ratings for the evaluation as
28 a whole, which shall be the overall summative score as per WAC 392-191A-080(6).

29 A numerical mean shall be used to calculate the individual criterion rating. When a criterion
30 rating includes a whole number plus a place value of .49 or below it will be rounded down to the
31 nearest whole number. When a criterion rating includes a whole number plus a place value of .50
32 or above it will be rounded up to the nearest whole number. (For example, a final rating of 2.49
33 would become a criterion rating of 2 and a rating of 2.50 would become a criterion score of 3.)
34 However, to achieve a Distinguished rating, a teacher must receive a majority of Distinguished
35 ratings on the criterion scores.
36

37 **Overall Summative Score**

38 All classroom teachers shall receive a performance rating for each of the eight (8) state
39 evaluation criteria. The overall summative score shall be determined by totaling the eight (8)
40 criterion-level scores as follows:

- 41 8-14 points—Unsatisfactory
42 15-21 points—Basic
43 22-28 points—Proficient
44 29-32 points—Distinguished
45

1 **Student Growth Criterion Score**

2 Embedded in the instructional framework are five (5) components designated as student growth
3 components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and
4 SG 8.1. The evaluator shall add up the raw scores on these components and the employee shall
5 be given a score of low, average or high based on the following scoring bands:

- 6
- 7 5-12—Low
- 8 13-17—Average
- 9 18-20—High

10

11 Student growth data shall be derived from multiple sources, and must be appropriate and relevant
12 to the teacher and subject matter. It shall include teacher initiated, formal and/or informal
13 assessments of student progress. If a teacher receives an overall summative score of 4
14 (Distinguished) and a Low student growth score as shown above, s/he must automatically be
15 moved to the Proficient (3) level for the overall summative score.

16

17 Certificated classroom teachers with low student growth rating will engage, with their evaluator,
18 in a student growth inquiry. Within two months of receiving the low student growth score or at
19 the beginning of the following school year, the following must be initiated by the evaluator:

20

21 The teacher and the evaluator shall create a plan to address student growth issues that
22 may include one or more of the following:

- 23
- 24 A. Examine student growth data in conjunction with other evidence including observation,
25 artifacts and other student and teacher information based on appropriate classroom,
26 school, school district and state-based tools and practices;
- 27 B. Examine extenuating circumstances which may include one or more of the following:
28 Goal setting process; content and expectations; student attendance; extent to which
29 standards, curriculum and assessment are aligned;
- 30 C. Schedule monthly conferences focused on improving student growth to include one or
31 more of the following topics: Student growth goal revisions, refinement, and progress;
32 best practices related to instruction areas in need of attention; best practices related to
33 student growth data collection and interpretation;
- 34 D. Create and implement a professional development plan to address student growth areas.

35

36 **Section 4 - General Evaluation Agreements**

37

38 Employees shall have transparent access to all relevant student achievement data available.

39

40 Notification - With the exception of transfers between evaluation formats (see Section 7,
41 “Focused Evaluations”) every teacher shall be notified no later than the last working day of
42 September of his or her evaluator and whether he or she is scheduled to be evaluated using a
43 Comprehensive or Focused evaluation.

1 Out of Content/Endorsed Areas - No teacher shall be “subject to non-renewal or probation based on
2 evaluations of their teaching effectiveness in the out-of-endorsement assignments”. However
3 consideration may be given to teachers’ progress towards endorsement. At the option of the teacher,
4 in collaboration with the evaluator, teachers may be evaluated as a member of a team when teaching
5 outside their content or endorsed areas.
6

7 Security - All aspects of the evaluation procedure, including observations, shall be conducted
8 openly and with the full knowledge of the teacher. Mechanical or electronic devices shall not be
9 used to listen to, observe, or record the proceedings of any classroom without prior knowledge and
10 documented consent of the teacher. The District shall make reasonable efforts to ensure
11 confidentiality and security for all evaluation documents, including electronic documents, consistent
12 with state public disclosure requirements and guidelines.
13

14 **Section 5 - Professional Development**

15
16 Prior to their being evaluated under the new evaluation system, the District shall provide teachers
17 professional development relevant to the framework and evaluation process. Each teacher shall
18 be provided a copy of the evaluation criteria, procedures, and any relevant forms or information
19 appropriate to his or her position and track in the evaluation cycle.
20

21 All classroom teachers, both provisional and continuing, shall be expected to participate in
22 District–provided evaluation training that occurs during the contracted work day or at other dates
23 and times, and at rates agreed to by the District and the Association. Such training shall be
24 designed to provide the staff with the skills necessary to participate in the new evaluation system.
25

26 **Section 6 - Provisional Teachers**

- 27
28 A. Provisional teachers are those who are within their first three years of employment with
29 the District, except for those who have at least two years of certificated employment with
30 another school district in the state of Washington. Those with such experience shall be
31 provisional only during their first year of employment with the District.
32
33 B. All Provisional teachers are subject to non-renewal of employment contract pursuant to
34 RCW 28A.405.220.
35
36 C. All Provisional teachers in the third year of provisional status shall be observed at least
37 three times in the performance of his or her duties and the total observation time for the
38 school year shall not be less than (90) ninety minutes.
39
40 D. Provisional teachers who are new to the profession and whose performance is determined
41 to be Proficient (Level 3) or Distinguished (Level 4) by the end of their second year of
42 employment in the District may be removed from provisional status by the
43 Superintendent.
44
45
46
47

- 1 E. The Principal or his or her designee shall make at least one (1) observation for a total
2 observation time of at least thirty (30) minutes within the first ninety (90) calendar days
3 of employment of all teachers in their first year of employment with the District.
4
- 5 F. The District shall notify the Association President if, a provisional employee is
6 performing at an unsatisfactory level.
7
- 8 G. Before non-renewing a provisional teacher, the evaluator shall have made efforts to assist
9 the teacher in making satisfactory progress toward remediating deficiencies. Such efforts
10 may include a comprehensive evaluation, reports from the evaluator of progress towards
11 remediating deficiencies, peer support, classroom visitation, mentoring, and coaching.
12

13 **Section 7 - Procedures for Evaluation**

14
15 All classroom teachers shall be evaluated each school year by their principal or his or her
16 designee. The principal or designee is referred to herein as the “evaluator.”
17

18 If an employee is assigned to two or more schools, the evaluator at the school to which the
19 employee is assigned the greater part of the time shall be responsible for the employee’s overall
20 evaluation. If a teacher is assigned to two or more schools for equal amounts of time within the
21 school day, mutual agreement between the principals, in collaboration with the teacher, will
22 determine who will be the evaluator of record.
23

24 **Observations**

25 All teachers shall be observed at least twice each school year in the performance of their
26 assigned duties. Total observation time for each employee for each school year shall not be less
27 than 60 minutes.
28

29 **Formal Observations** - Formal observation dates and times will be scheduled and agreed upon
30 by the teacher and evaluator. Whenever possible, formal observations shall be scheduled with
31 adequate time in between in order to allow for conferencing and growth.
32

33 **Informal Observations** are non-scheduled observations during which time evidence is gathered
34 by an evaluator to inform him or her regarding a teacher’s final evaluation. If there is an area of
35 concern noted in any such record, written documentation of the observation must be provided to
36 the teacher for that evidence to be included in the final evaluation. Such documentation will be
37 provided within three school days of the observation. A teacher may request a post-observation
38 conference to discuss an informal observation.
39

40 **Comprehensive Evaluations** - A comprehensive summative evaluation assesses all eight
41 evaluation criteria and all criteria contribute to the comprehensive summative evaluation
42 performance rating. All classroom teachers shall receive a comprehensive summative evaluation
43 at least once every four years.
44
45
46
47
48

1 The following classroom teachers shall receive an annual comprehensive summative evaluation:
2

- 3 1. Classroom teachers who are provisional employees under RCW 28A.405.220;
- 4 2. Any classroom teacher who received a comprehensive summative evaluation
5 performance rating of level 1 or level 2 in the previous school year.
6

7 **Focused Evaluations** - In the years when a comprehensive summative evaluation is not
8 required, classroom teachers who received a comprehensive summative evaluation performance
9 rating of Proficient (level 3) or above in the previous school year are required to complete a
10 focused evaluation. A focused evaluation includes an assessment of one of the eight criteria
11 selected for a performance rating plus professional growth activities specifically linked to the
12 selected criterion. The selected criterion must be approved by the teacher's evaluator and may
13 have been identified in a previous comprehensive summative evaluation as benefiting from
14 additional attention. A group of teachers may focus on the same evaluation criterion and share
15 professional growth activities.
16

17 Teachers on focused evaluations shall have the option of selecting which one of the eight criteria
18 will be assessed, plus the professional growth activities linked to that criterion. The role of the
19 evaluator shall be to either approve the proposed activities or suggest modifications to produce a
20 jointly agreed upon activity or activities. Employees will complete the TSD Focused Evaluation
21 Professional Goal Plan (Form I)
22

23 If the employee chooses criterion 1, 2, 4, 5, or 7, he/she must also complete the student
24 growth components in either criterion 3 or 6.
25

26 If the selected criterion for the focused evaluation has been determined to be non-
27 observable, a classroom-based observation will not be required. The selected student
28 growth component will be documented on the student growth goal setting template
29 (Form G).
30

31 A teacher may be transferred from a focused evaluation to a comprehensive summative
32 evaluation at the request of the teacher or at the direction of the teacher's evaluator. Such
33 change must be initiated prior to December 15 and provided to the employee in writing.
34
35

36 Each employee shall have the opportunity for confidential conferences with his or her immediate
37 supervisor on no fewer than two occasions in each school year. Such confidential conferences
38 shall be for the purpose of aiding the administrator in his or her assessment of the employee's
39 professional performance and to provide additional evidence by either the evaluator or teacher to
40 aid in this assessment against the instructional framework rubrics and/or for the teacher to
41 provide unobserved evidence of having met certain criteria and goals. The annual evaluation
42 results will be documented on the summative evaluation form (Form H) with only the selected
43 criteria being scored.
44
45
46
47
48

1 Employees on a Focused Evaluation are encouraged to attempt new skills and improve their
2 professional practice. A summative score will be determined using the most recent
3 comprehensive summative evaluation score. This score becomes the focused summative
4 evaluation score for any of the subsequent years following the comprehensive summative
5 evaluation in which the certificated classroom teacher is placed on a focused evaluation. Should
6 a teacher provide evidence of exemplary practice on the chosen focused criterion, a
7 Distinguished (level 4) score may be awarded by the evaluator.

8 **Evaluation Process**

9 The comprehensive evaluation process must occur at least once every four years (three
10 consecutive years for new or provisional teachers). There are six steps required to complete a
11 comprehensive evaluation which utilize a collaborative model between teacher and evaluator.
12 They include 1) the teacher's self-assessment, 2) a goal setting conference between the teacher
13 and evaluator, 3) a pre-observation conference, 4) observations of the teacher by the evaluator, 5)
14 a post-observation conference, and 6) the summative evaluation conference.
15

16 **Step 1: Self-Assessment**

17
18 Each teacher shall reflect on his/her practice and complete a self-assessment (Form A). This is a
19 personal reflection of practice and will serve as a tool for the goal setting conference. The
20 teacher is not required to share the written results with their evaluator.
21

22 **Step 2: Goal Setting Conference**

23
24 Following the self-assessment, the teacher will meet with his or her evaluator in a goal setting
25 conference. Each teacher shall combine his or her self-assessment with the district and/or
26 building initiatives and select one or two components as goal(s) for the year. Additionally, for
27 components SG 3.1, 6.1 and 8.1 the teacher shall determine a student growth goal. The teacher
28 shall complete and submit the Student Growth Goal Setting Template (Form G) to the evaluator
29 prior to a mutually agreed upon goal setting conference date.
30

31 **Step 3: Pre-Observation**

- 32
33 A. For formal observations, the teacher shall complete the Classroom Observation Planning
34 Conference form (Form B), with a written lesson plan and send it to the evaluator twenty-
35 four (24) hours prior to a mutually-determined pre-observation conference.
36 B. The teacher and evaluator shall conduct the pre-observation conference in order to meet
37 and discuss the lesson plan and identify any specific areas of focus, establish a date for
38 the formal observation, and discuss professional activities to be observed, including their
39 content, objectives, strategies, and possible evidence to meet the scoring criteria. (The
40 goals may be referenced, if applicable).
41

42 **Step 4: Observation**

43
44 The evaluator will conduct the observation of practice as scheduled. The evaluator will take
45 notes throughout the observation and share those with the teacher within three (3) working days
46 of the observation. Upon receipt the teacher may provide additional information for this
47 document.

1 **Step 5: Post-Observation Conference**
2

3 Following the observation and the receipt of the evaluator’s notes, the teacher will reflect on the
4 lesson and complete a self-reflection using the Classroom Observation – Post Observation
5 Reflection (Form D) and complete a self-reflection using the Danielson Framework (Form E).
6 At the discretion of the teacher this self-reflection (Form D) may be submitted to the evaluator
7 within three (3) school days. When required, Form E will be submitted to the evaluator, within
8 three (3) school days.
9

10 The teacher and evaluator shall schedule to meet for the post-observation conference within three
11 school days of the evaluator’s receipt of Form E.
12

13 The post-observation conference includes a review of the teacher’s self-assessment and the
14 evaluator’s evidence. Both the teacher and the evaluator may contribute evidence to the overall
15 assessment of professional performance during the conference as such conference is intended to
16 be a dialogue between the teacher and evaluator. At the end of the post-observation conference
17 the teacher and evaluator will agree on next steps and sign documentation that the conference has
18 occurred.
19

20 **Step 6: Summative Assessment**
21

22 No later than May 15th, the teacher and evaluator shall meet to discuss the teacher’s final
23 summative score. This conference will include a review of the evidence gathered including
24 formal and informal observations, artifacts with teacher reflection coversheet (Form F), student
25 growth data (Form G), professional contributions, impacts on learning, and other ancillary
26 evidence. Multiple measures of student growth must be used in the evaluation process and such
27 measure may include classroom-based, school-based, District-based and state-based tools. The
28 final summative score will be based on the alignment of evidence gathered based on the
29 Danielson and State Student Growth rubrics. The final summative score and recommendation
30 will be recorded on the Summative Evaluation Form (Form H). The teacher will sign two (2)
31 copies of Form H to indicate receipt. The signature of the teacher does not imply that the
32 employee agrees with its contents, only that he or she has read it. The teacher may attach any
33 written comments or rebuttal to the final annual evaluation report any time.
34

- 35 A. If the evaluator assigns the teacher an overall final summative rating below Proficient, the
36 evaluator will use the evidence as provided by the teacher as an explanation for the
37 Unsatisfactory or Basic rating. When appropriate, a lack of evidence as required in the
38 rubrics may also be used in such an explanation.
- 39 B. In the case of a “basic” or “unsatisfactory” rating, the teacher and evaluator shall meet
40 prior to the end of the school year or at the beginning of the following school year to
41 determine what support would best serve the teacher.
- 42 C. If a teacher disagrees with the evaluator’s overall summative performance rating, the
43 evaluator’s rating shall be recorded and the teacher may follow the due-process steps
44 already set forth in the contract.
45
46
47
48

- 1 D. All continuing contract employees receiving an annual, final summative performance
2 rating below level 3, Proficient, shall be given additional support by the District. Such
3 support may include, but not be limited to paid in-service training, release time to observe
4 colleagues, assignment of a coach/mentor; additional, focused professional development
5 resources, professional growth opportunities, and guided growth plans, etc.
6 E. Any teacher whose performance has been judged unsatisfactory on the *Summative*
7 *Evaluation of Practice* document (Form F) may be placed on a program for improvement
8 any time after October 15.
9

10 **Section 8 - Probation (Non-Provisional Employees)**

11
12 No teacher shall be placed on probation if he or she has been evaluated by an evaluator who has
13 not received training in the new (ESSB 5895) evaluation system with an emphasis on developing
14 inter-rater reliability.
15

16 Teachers shall have the right to Association representation at all probationary meetings.
17

18 The purpose of the probationary period is to give the teacher an opportunity to demonstrate
19 improvements in discrete areas according to the criteria included in the evaluation instrument
20 (WAC 392-191-045(3)). A probationary period of sixty (60) school days shall be established.
21 Additional days may be added if deemed necessary to complete a program of improvement and
22 to evaluate the probationer's performance, as long as the probationary period is concluded before
23 May 15th of the same school year.
24

25 The probationary period may be extended into the following school year if the probationer has
26 five or more years of teaching experience and has a comprehensive summative evaluation
27 performance rating as of May 15th of Level 2 (Basic) or less.
28

29 The Superintendent shall place on probation any employee whose performance has been judged
30 unsatisfactory based on the evaluation criteria, no later than February 1st of any school year.
31

32 Before placing a teacher on probation, the following shall occur:
33

- 34 1. The evaluator shall meet with the employee in an attempt to resolve matters relating to
35 performance, before probation is recommended. This conference shall be held no later
36 than January 20th.
37
- 38 2. If an employee is being considered for probation, the recommendation to the
39 Superintendent for probation must be made on or before January 30th. The evaluator
40 must make a written recommendation of same to the Superintendent. A copy of the
41 recommendation for probation must be sent to the employee.
42
- 43 3. The Superintendent, or his/her designee, shall review the evaluator's recommendation for
44 probation. If the Superintendent or his/her designee determines that there is an
45 alternative to probation he/she may continue to work with the parties involved.
46
47
48

- 1 4. If it is determined by the Superintendent that probation is warranted, then the
2 Superintendent shall notify the employee in writing and such notice shall include the
3 following provisions:
4
- 5 a. A definition of the problem in terms of deficiencies in discrete areas based upon
6 the evaluative criteria.
7
 - 8 b. Expectations delineating levels of performance that would constitute acceptable
9 performance in the problem areas defined. Once the areas of deficiency and the
10 criteria for improvement have been determined, they shall not be changed.
11
 - 12 c. A specific and reasonable plan of improvement that spells out a course of action
13 and time expectations for the employee involved to reach an acceptable level of
14 performance in discrete areas in which the employee may need improvement,
15 according to the criteria included on the evaluation instrument; and
16
 - 17 d. A specific prescription for assistance that spells out courses of action whereby the
18 employee shall be assisted, counseled, and tutored to improve the level of
19 performance to an acceptable level. Such prescription shall include a system for
20 periodic feedback during the probationary period, supports provided and funded
21 by the District, and the dates those supports will be in place.
22
 - 23 e. At the request of the probationary employee, a reasonable amount of release time
24 shall be granted in order to comply with requirements of the plan of improvement
25 that are beyond the usual and customary requirements of the job.
26
- 27 5. At this time the evaluator shall meet with the employee and, at his or her discretion, a
28 representative of the Association, to go over the plan of improvement, both for
29 understanding and to collaborate in making any changes that the parties might deem
30 prudent.
31
- 32 6. During the probationary period, the evaluator shall meet with the staff member at least
33 twice monthly to supervise and provide a written evaluation of the staff member's
34 performance.
35
- 36 7. The probationer may request, and the evaluator may authorize and assign, one (1)
37 additional certificated administrator to evaluate the probationer. This administrator may
38 be another certificated administrator from within the District or from outside the District
39 who is trained in the Danielson framework. This request must be in writing and must be
40 presented to the evaluator within three (3) school days of the receipt of the probationary
41 placement notice. The evaluator shall have three (3) school days to respond in writing.
42
43
44
45
46
47

1 8. **ESD Evaluator** - If such request is not granted, at the request of the probationary
2 employee an educational service district (ESD) evaluator shall be assigned by the ESD to
3 evaluate him or her. This request must be in writing and must be presented to the
4 evaluator and/or the Executive Director of Human Resources within three (3) school days
5 of the denial of the request. The District shall have three (3) school days to respond to
6 this request in writing.
7

8 Using the plan of improvement mutually agreed to by the District and the Association,
9 the ESD evaluator or additional evaluator shall provide input to the probationer's
10 evaluation process and assist him or her in improving his or her areas of deficiency. In
11 addition, the evaluator will provide a written report of the evidence gathered during the
12 probationary period to the original evaluator. Such evidence shall include the results of
13 multiple classroom observations and any other evidence of performance related to the
14 plan of improvement. The probationary employee shall have access to this report.
15

16 During this time the employee will not be transferred from the supervision of the original
17 evaluator. The ESD evaluator, or additional evaluator, shall be immune from any civil
18 liability that might otherwise be incurred or imposed with regard to the good faith
19 performance of such evaluation.
20

21 9. If a procedural error occurs in the implementation of a program for improvement, the
22 error does not invalidate the probationer's plan for improvement or evaluation activities
23 unless the error materially affects the effectiveness of the plan or the ability to evaluate
24 the probationer's performance.
25

26 10. A teacher who is on a plan of improvement must be removed from probation if he or she
27 has demonstrated improvement in the areas described as deficient. The teacher must also
28 be removed if he or she has demonstrated improvement that results in a new
29 comprehensive summative evaluation performance rating of level 2 or above for a
30 provisional employee or a continuing contract employee with five or fewer years of
31 experience, or of level 3 or above for a continuing contract employee with more than five
32 years of experience.
33

34 11. Lack of necessary improvement during the established probationary period, as
35 specifically documented in writing with notification to the probationer, shall constitute
36 grounds for a finding of probable cause for non-renewal of contract or discharge.
37

38 12. Immediately following the completion of a probationary period that does not produce
39 performance changes detailed in the initial notice of deficiencies and program for
40 improvement, the teacher may be removed from his or her assignment and placed into an
41 alternative assignment for the remainder of the school year. This reassignment may not
42 displace another employee nor may it adversely affect the probationary teacher's
43 compensation or benefits for the remainder of that teacher's contract year. If the District
44 determines such reassignment is not possible, the district may, at its option, place the
45 teacher on paid leave for the balance of his or her contract term.
46
47
48

1 **Non-renewal, Adverse Action, and Discharge**

2 In the event that there is determined to be probable cause to non-renew, adversely affect, or
3 discharge a teacher, the teacher shall receive written notice and the District will follow the
4 procedures specified in Washington Revised Code 28A.400 et. seq.

5
6 **Section 9 - Evaluation Results**

7
8 Only the final summative evaluation document, along with any comments submitted by the
9 teacher, shall be kept in the personnel files. All other evaluation documents shall, be returned to
10 the teacher and will not be used for future evaluations.

11 Evaluation results shall be used to recognize and encourage excellence in teaching, document
12 levels of performance, and identify areas needing improvement.

13
14 Evaluation results shall not be:

- 15
- 16 • Shared or published with any teacher-identifying information unless as a requirement of
 - 17 statute.
 - 18 • Shared or published without prior notification to the teacher and Association.
 - 19 • Used to determine any type of base or additional compensation.
- 20

21 Evaluations are based on individual teacher performance relative to the Danielson framework.
22 There shall be no District or building quotas or caps for performance ratings.

23
24 **Section 10 – Building/District Evaluation Meetings**

25
26 Teachers who are participating in the new evaluation system will be invited to take part in
27 activities in order to obtain their candid feedback regarding implementation of the new
28 evaluation system.

29
30 **Section 11 - Recordkeeping**

31
32 The District shall not limit teacher access to eVal (or other electronic evaluation systems)
33 accounts nor require teachers to share personal assessment information utilized within the
34 eVal/other systems. Evaluators shall notify teachers of any evidence submitted about them
35 within three (3) days of submission. The use of eVal is optional for both the teacher and the
36 evaluator and all data entered into eVal shall be treated as confidential information.

37
38 **Section 12 - Legislative Impacts**

39
40 This Article of the Agreement shall be reopened at the request of either party for the purpose of
41 negotiating legislative impacts on the Collective Bargaining Agreement.

42
43 During the life of the Agreement, at the request of either party, Article 32A will be reopened for
44 negotiations between the parties.

1 **ARTICLE 33 -- SEPARATIONS AND RESIGNATIONS**

5 is at the end of the school year, the employee is requested to give notice by March 15.
6 Employees should not expect to be released from their contracts after July 1. Except in
7 emergency circumstances requiring termination of the contract, notice should be given at
8 the earliest possible date.
9

10 **B. Administrative Obligations.**

11 An exit interview, whenever possible, is to be held by the principal or the Superintendent
12 or Superintendent's designee with the employee who is terminating employment. A
13 reference will be sent to the employee's employment agency to become a part of the
14 permanent placement file if requested. The Superintendent or Superintendent's designee

1 **ARTICLE 34 - GRIEVANCE PROCEDURE**

2
3 **A. Definitions.**

- 4
- 5 1. A "grievant" shall mean a teacher or group of teachers or the Association filing a
6 grievance.
7
- 8 2. A "grievance" shall mean a claim by a grievant that a dispute or disagreement of
9 any kind exists involving interpretation or application of the terms of this
10 Agreement or of an existing Board rule, policy or practice, or that an employee
11 has been treated inequitably, or that there exists a condition which jeopardizes
12 employee health or safety.
13
- 14 3. A "party of interest" is the person or persons making the claim and any person
15 who might be required to take action or against whom action might be taken in
16 order to resolve the claim.
17
- 18 4. "Work-days" shall mean teacher employment days, except as otherwise indicated.
19 If the stipulated time limits are not met, the grievant shall have the right to appeal
20 the grievance to the next level of procedure.
21
- 22 5. Failure to appeal the grievance to the next step within the timelines herein stated
23 shall cause the grievance to be waived.
24

25 **B. Association Rights.**

- 26
- 27 1. The Board shall recognize a Professional Rights and Responsibilities Committee
28 upon its selection by the Association. At least one (1) Association representative
29 shall be present for any meetings, hearings, appeals, or other proceedings relating
30 to a grievance which has been formally presented.
31
- 32 2. If, in the judgment of the Association, a grievance affects a group of teachers or
33 the Association, the Association may initiate and submit such grievance in writing
34 to the Superintendent directly, and the processing of such grievance shall be
35 commenced at Step 2. The Association may process such grievance through all
36 levels of the procedure, even though there is no individual aggrieved person who
37 wishes to do so. Class grievances involving the administrator above the building
38 level may be filed by the Association at Step 2.
39
- 40 3. In matters dealing with alleged violations of Association rights, the grievance
41 shall be initiated at Step 2.
42
- 43 4. The Association on its own may continue and submit to arbitration any grievances
44 filed and later dropped by a grievant, provided that the grievance involves the
45 application of interpretation of the Agreement.
46
47
48
49

1 C. **Individual Rights.**

- 2
- 3 1. Nothing contained herein shall be construed as limiting the right of any teacher
- 4 having a complaint to discuss the matter via administrative channels and to have
- 5 the problem adjusted without the intervention of the Association, as long as the
- 6 Association is in attendance at these discussions and is notified in writing as to the
- 7 disposition of the matter and such disposition in not inconsistent with the terms of
- 8 this Agreement.
- 9
- 10 2. A grievant may be represented at all stages of the grievance procedure by
- 11 him/herself, or at his/her option, by an Association representative selected by the
- 12 Association. If an aggrieved party is not represented by the Association, the
- 13 Association shall have the right to be present and to state its views at all stages of
- 14 the grievance procedure.
- 15

16 D. **Grievance Steps.**

17

18 **Step 1: Immediate Supervisor.**

19 The parties in interest acknowledge that it is usually most desirable for an employee and

20 his/her immediately involved supervisor to resolve problems through free and informal

21 communications. Within twenty (20) work-days of knowledge of the act or condition

22 which is the basis of the grievance, the grievant may present the grievance in writing to

23 the immediately involved supervisor who will arrange for a meeting to take place within

24 four (4) work-days after receipt of the grievance. The grievant and/or the Association

25 and the supervisor shall be present for the meeting. The supervisor shall provide the

26 grievant and the Association with a written answer to the grievance within two (2) work-

27 days after the meeting. Such answer shall include the reasons upon which the decision

28 was based.

29

30 **Step 2: Superintendent.**

31 If the grievant is not satisfied with the disposition of his/her grievance at Step 1, or if no

32 decision has been rendered within six (6) work-days after presentation of the grievance,

33 the grievance may be referred within five (5) work-days to the Superintendent or his/her

34 official designee. The Superintendent or his/her official designee shall arrange for a

35 hearing with the grievant and/or Association, to take place within five (5) work-days of

36 his/her receipt of the appeal. The parties in interest shall have the right to include in the

37 representation such witnesses and counselors as they deem necessary to develop facts

38 pertinent to the grievance. Upon conclusion of the hearing, the Superintendent or his/her

39 official designee will have four (4) work-days to provide a written decision, together with

40 the reasons for the decision to the Association.

41

42

43

44

45

46

47

48

49

1 **Step 3: Board of Directors.**

2 If the grievant is not satisfied with the disposition of his/her grievance at Step 2, or in the
3 event that no decision has been rendered within five (5) work-days after presentation of
4 the grievance, the grievant may request, through the Superintendent, that the grievance be
5 heard by the Board of Directors. Such request will be made within five (5) work-days
6 after receipt of the Superintendent/designee's decision.
7

8 The Board of Directors shall, within fifteen (15) work-days of the receipt of the request,
9 meet with the grievant(s) in closed session to hear the history and substance of the
10 grievance. At this hearing the grievant may present such information to the Board as it
11 deems necessary to properly state the grievance.
12

13 Not later than five (5) work-days after this hearing, the Board of Directors shall
14 communicate in writing its decision to the grievant(s).
15

16 **Step 4: Binding Arbitration.**

- 17
- 18 1. If the grievant is not satisfied with the disposition of the grievance at Step 3, or if
19 no decision has been rendered within five (5) work-days after the meeting with
20 the Board, the grievant may request the Association move the grievance to
21 arbitration if the grievance involves the interpretation, meaning or application of
22 any of the provisions of the Agreement. Such request will be made within five (5)
23 work-days after receipt of the Board of Directors' decision. The Association shall
24 give written notice to the Board of its desire to submit the grievance to binding
25 arbitration. Such notice must be made within twenty (20) work-days of the
26 grievant's receipt of the Board's decision. If any question arises as to arbitrability,
27 such question will first be ruled upon by the arbitrator selected to hear the dispute.
28
 - 29 2. Within ten (10) work-days after such written notice of submission to arbitration,
30 the Board and the Association will attempt to agree upon a mutually acceptable
31 arbitrator and to obtain a commitment from such arbitrator to serve. If the parties
32 are unable to agree upon an arbitrator or to obtain such a commitment within the
33 ten (10) work-day period, a request for a list of arbitrators may be made to the
34 American Arbitration Association (AAA) or the Federal Mediation and
35 Conciliation Service (FMCS) by either party.
36
 - 37 3. Neither party shall be permitted to assert in the arbitration proceedings any evidence
38 which was not submitted to the other party before the completion of Step 3 at meetings.
39
40
41
42
43
44
45
46
47
48
49

1 4. The arbitrator selected will confer with the representatives of the Board and the
2 Association and hold hearings promptly and will issue his/her decision not later
3 than twenty (20) work-days from the date of the close of the hearings, or if oral
4 hearings have been waived, then from the date the final statements and proofs are
5 submitted to him/her. The arbitrator's decision will be in writing and will set forth
6 his/her findings of fact, reasoning, and conclusions on the issues submitted. The
7 arbitrator will be without power of authority to make any decision which requires
8 the commission of an act prohibited by law or which is violative of the terms of
9 this Agreement. The decision of the arbitrator will be submitted to the Board and
10 the Association and will be final and binding.

11
12 5. The costs for the services of the arbitrator, including per diem expenses, if any,
13 and his/her travel and subsistence expenses and the cost of any hearing room, will
14 be borne equally by the Board and the Association. All other costs will be borne
15 by the party incurring them.

16
17 E. **Jurisdiction of the Arbitrator.**

18 The arbitrator shall have no power to alter, add to or subtract from the terms of this
19 Agreement. The arbitrator shall confine his/her inquiry and decision to the specific area
20 of the Agreement as cited on the grievance form. Upon the request of either party, the
21 merits of a grievance and the substantive arbitrability of issues arising in connection with
22 a grievance may be consolidated for hearing before an arbitrator.

23
24 F. **Exceptions to Time Limits.**

25 When a grievance is submitted on or after June 1, time limits shall consist of all week
26 days, so that the matter may be resolved before the close of the school term or as soon as
27 possible thereafter. Deadlines that extend into summer break may be extended by either
28 party to a mutually agreeable date.

29
30 G. The substance of an evaluation report is not grievable; non-renewal and dismissal of
31 employees and matters relating to evaluation and placement of employees on probation
32 and reduction in force shall be grievable only through Step 3 of the grievance procedure.
33 Following Step 3, such matters shall be governed and controlled by appropriate statute.

34
35 H. **No Reprisals.**

36 No reprisals of any kind will be taken by the Board or the school administration against
37 any teacher because of participation in this grievance procedure.

1 **ARTICLE 37 -- CLASS SIZE AND STAFFING LEVEL ISSUES**
2

3 A. The Association and the District recognize the importance of manageable class sizes at
4 all levels, particularly in light of the increasing needs of all students in our classrooms.
5 The two parties further agree that satisfactorily addressing class size and high-impact
6 issues is one of our highest priorities. The Association and the District recognize their
7 shared responsibility and commitment to educate all students, which comprises both male
8 and female students from a broad range of backgrounds and circumstances, including
9 disadvantage students; students with diverse racial, ethnic, or cultural backgrounds;
10 students with disabilities; students with limited English proficiency; migrant children;
11 "at-risk" youth; dropouts; and academically, athletically, and aesthetically talented
12 students.
13

14 B. **Joint District-Association Process for Addressing Class Size and Staffing-Level Issues.**
15

- 16 1. The Association and the District recognize the value of joint discussion of such
17 staffing-related issues as student enrollment, staffing FTE's class sizes, class
18 configurations, high-impact issues, etc. To further this joint discussion, the
19 Article 2 Group, or an ad hoc staffing advisory committee appointed by the
20 Article 2 Group, shall address such issues.
21
- 22 2. The purpose of this process shall be to provide a forum for a dialogue, and
23 opportunity to assist in the development of recommendations, and a locus for
24 resolution of concerns unresolved at the site level.
25
- 26 3. Nothing in this Agreement shall inhibit or diminish the responsibility and
27 authority of the District to make staffing decisions in a timely manner consistent
28 with other contractual provisions, district policies, and/or state or federal statutes
29 or regulation.
30
- 31 4. The Association and the District agree to explore the following concepts as we
32 continue to develop strategies to assist us in addressing the twin concerns of high
33 class sizes compounded by the increasing needs of all students. The two parties
34 agree to publicize in a timely manner other mutually agreeable concepts and
35 strategies.
36
 - 37 a. Flexible solutions--one solution won't fit all situations;
 - 38 b. Site based solutions within district-wide parameters and with district support;
 - 39 c. Teacher options;
 - 40 d. More effective practices; and
 - 41 e. Supplemental resources to meet demonstrated needs.
42
43
44
45
46
47
48
49

- 1 5. The Article 2 Group, or its ad hoc staffing advisory committee, will meet in the
2 spring to discuss student enrollment projections for the following year and
3 identify sites where staffing-level adjustments might become necessary. The
4 Human Resources Director will consult closely with the Association President or
5 her/his designee as decisions are made as how these adjustments can best be
6 made. Adjustments could include staff transfers, expansion of the District's
7 continuing contract commitments, or hiring leave-replacement employees.
8

9 **C. Professional Judgment Resources to Address High-Impact Issues.**
10

- 11 1. The Association and the District agree to create a pool of resources to address
12 concerns about high-impact issues.
13

14 The District shall supply all necessary additional supplies, materials, and
15 curriculum to address high impact needs.
16

- 17 2. **Unused Article 37 Funds.**

18 The Article 2 Group will determine how unused Article 37 funds will be
19 distributed after the conclusion of the previous fiscal year. If the Article 2 Group
20 cannot agree on alternative disposition of unused Article 37 funds, they will be
21 distributed on a per-student basis to sites for site-based priorities.
22

- 23 3. **Professional Judgment Guidelines.**

24 Through the Article 2 process, the parties adopted a set of guidelines describing
25 appropriate (and inappropriate) uses of Professional Judgment Resources. Copies
26 of this document (“Professional Judgment Guidelines”) shall be kept by the
27 Association and the Human Resources Administrator, and are available upon
28 request.
29
30

31 **4. Professional Judgment Resources at the Site Level.**

32 When an employee, in exercising his/her professional judgment, determines that
33 high-impact student issues are negatively impacting the learning process, the
34 employee, building administrator, and/or building representative will seek
35 creative solutions to those concerns at the site level. Such solutions will meet the
36 approval of the classroom teacher and building administrator and building Student
37 Support Team (SST) process when appropriate. Each school year, \$39,500 will
38 be distributed as follows to address professional judgment concerns about high-
39 impact student issues: \$3,900 for each elementary, middle, and high school; and
40 \$500 for Secondary Options.

2 The parties agree to create a fund for the Article 2 Group to use to address high-
3 impact concerns. In the event that professional judgment concerns about high-
4 impact issues cannot be resolved at the site level, employees with their principal
5 and other involved staff may present their need and request to Article 2.

6 Resources may be allocated to the Article 2 Group to address professional
7 judgment concerns according to the process described in Article 37.C.2. above.

12 D. **ELEMENTARY CLASS SIZE TRIGGER LEVELS**

13
14 1. **Equitable Class Loads.**

15 The two parties recognize that individual and combined student needs can
16 disproportionately impact the learning environment in a classroom. In order to
17 enhance learning opportunities for all students, the parties agree that class loads
18 shall be distributed in an equitable manner that takes high impact factors into
19 account. High impact factors include: total class size and caseload, student
20 attendance, behavior and discipline patterns, teacher experience and expertise,
21 environment and minutes of service considerations, HiCap, ELL, and/or,
22 McKenny Vento enrollment. Concerns about the equitable distribution of
23 students will be discussed initially with the building administrator. The parties
24 will include the program administrator if appropriate. If the concern is not
25 resolved the parties may refer to Article 2.
26

27 2. **Impact Paraprofessional Time.**

28 The District and the Association are committed to work toward class sizes that do
29 not exceed the class size levels shown in the chart below. If a level is exceeded,
30 elementary teachers shall be entitled to two and three quarter (2.75) hours of
31 "impact paraprofessional" time, assigned to the individual classes that exceed the
32 class size level, unless other creative solutions are developed at the site. Teachers
33 may elect to receive overload payment or other flexible options in lieu of
34 paraprofessional time.

3. **Impact Paraprofessional Time – Flexible Options.**

Impact paraprofessional time will be added within ten (10) working days. A substitute impact paraprofessional may, at the teacher's discretion, be hired immediately to provide assistance until the impact paraprofessional can be hired. The teacher and the impact paraprofessional may also design a schedule of hours satisfactory to both parties other than simply the number of hours triggered each day. The number of hours contained in any modified schedule shall not exceed the overall number of hours triggered each semester unless other resources are made available pursuant to other sections of Article 37.

4. **Alternative Uses of Triggered Resources.**

If an elementary teacher qualifies for impact paraprofessional time and would like to use those resources in some other manner to address class size issues, he/she may develop a plan with their principal, site team, and/or Association building rep in a manner consistent with their site's, site-based decision making procedures and the CBA. Uses of triggered resources may include, but are not limited to, any of the following:

- a. “impact paraprofessional” time;
- b. certificated substitute time to either “release” the teacher from the classroom or to work in a classroom alongside the teacher;
- c. Overload compensation equal to \$22.00 per student per day in overload
- d.. class field trips, etc.

5. **Multi-Aged, Combined, and Split Classes.**

In the cases of multi-aged classes, combined classes, and split classes, the district will use the lower class size level to assign impact time.

6. **Partial Day Impact.**

The parties agree that any elementary classroom teacher who is at impact for a partial day as a result of a “walk-to” program, taking students from a split class, or receiving students for an intervention class may request the use of professional judgment funds.

7. **Specialist Impact**

Any elementary specialist (music, physical education, library, or writing)-who is at partial day impact as a result of students from a class which is at impact or is a split class shall be entitled to impact time and compensation as described in this article.

9. **Elementary Library Resources.**

Based on the student population within each school, each elementary school library will receive the following resources:

525-574 students – 1 hour of additional paraprofessional time per day, in no less than thirty (30) minute increments.

575 students and above – 2 hours of additional paraprofessional time per day, in no less than thirty (30) minute increments.

This additional time shall be used to support the functions of the library and shall include but not be limited to:

- shelving books
- assisting students with library services
- maintaining library service operations during designated times
- general organization based on library needs

10. **Split Classes**

1. All elementary school grade level teachers required to teach a split class shall receive compensation equal to overload of two (2) students. Additionally, in the event a split class reaches impact, the overload payment will be triggered at the lowest grade level of the students in the class. At the discretion of the teacher, use of these resources may include, but are not limited to, any one, or any combination of items “a” through “e” below, OR item “f”.

- “impact paraprofessional” time;
- certificated substitute time to either release the teacher from the classroom or to work in a classroom at the direction of the teacher;
- purchase of classroom materials and supplies;

- d. class field trips or other student activities as determined by the teacher;
- e. compensation at curriculum rate for the teacher's additional planning time;
OR
- f. compensation to be paid as a supplemental contract from the Co-Curricular Salary Schedule (see Appendix B-1).

2. Split teaching assignments.

- a. The "Right of first refusal" in accepting or rejecting the assignment shall be based upon seniority within the grade bands affected.
- b. No teacher shall be required to teach a split classroom for two consecutive years.

12. Additional Impact Relief

When a class exceeds the impact level, the affected employee may meet with the administrator(s) to discuss possible alternatives for improving the learning process. This meeting shall occur within five (5) days of the request by the teacher. Any relief shall be mutually agreed upon by the administrator and the teacher, and shall be implemented within ten (10) working days.

E. **SECONDARY CLASS-SIZE AND TOTAL DAILY LOAD TRIGGER LEVELS**

1. **Equitable Class Loads and Electives.**

The two parties recognize that individual and combined student needs can disproportionately impact the learning environment in a classroom. In order to enhance learning opportunities for all students, the parties agree that class loads shall be distributed in an equitable manner that takes high impact factors into account. High impact factors include: total class size and caseload, student attendance, behavior and discipline patterns, teacher experience and expertise, environment and minutes of service considerations, HiCap, ELL, and/or, McKenny Vento enrollment. Concerns about the equitable distribution of students will be discussed initially with the building administrator. The parties will include the program administrator if appropriate. If the concern is not resolved the parties may refer to Article 2.

2. **Impact Paraprofessional Time.**

The District and the Association are committed to work toward total daily loads that do not exceed the levels shown in the chart below. If a total daily load is exceeded after the fifth day of a semester, secondary teachers shall be entitled to five (5) hours of "impact paraprofessional" time per week, unless other creative solutions are developed at the site or through the Article 2 Group or its designee with the approval of the affected teacher.

1 3. **Impact Paraprofessional Time – Flexible Options.**

2 Impact paraprofessional time will be added within ten (10) working days. A
3 substitute impact paraprofessional may, at the teacher's discretion, be hired
4 immediately to provide assistance until the impact paraprofessional can be hired.
5 The teacher and the impact paraprofessional may also design a schedule of hours
6 satisfactory to both parties other than simply the number of hours triggered. The
7 modified schedule shall not exceed the overall number of hours triggered each
8 semester unless other resources are made available pursuant to other sections of
9 Article 37.

10 4. **Alternative Uses of Triggered Resources.**

11 If a secondary teacher qualifies for impact paraprofessional time and would like to
12 use those resources in some other manner to address class size issues, he/she may
13 develop a plan with their principal, site team, and/or Association building rep in a
14 manner consistent with their site's site-based decision making procedures and the
15 CBA.

16
17 Uses of triggered resources may include, but are not limited to, any of the following:

- 18 a. “impact paraprofessional” time;
19 b. certificated substitute time to either “release” the teacher from the
20 classroom or to work in a classroom alongside the teacher;
21 c. Overload payment of \$4.00 per student per day
22 d. class field trips, etc.

23
24 5. **Secondary Class Size and Targeted Average.**

25 The employee workload in secondary classrooms (except band, choir, orchestra,
26 and PE) shall average no more than 27 students per period, with a class size of 30
27 for impact. These calculations shall exclude student assistants or peer tutors. If
28 an individual class exceeds the impact level (30), overload compensation will
29 apply. If the overall targeted average of 27 is exceeded, overload compensation
30 will apply. Employees will only receive overload compensation for one of the
31 two provisions, whichever provides the greater compensation.

32
33 Employees must complete the monthly impact compensation claim and indicate
34 which compensation option has been selected.

3 6. **Secondary Class Trigger exceptions**

4 Secondary class triggers shall not apply in instances where the teacher and the
5 administration at a site by mutual agreement have arranged through the Article 2
6 Group for a waiver to accommodate special variations in the curriculum,
7 instructional methods, daily schedule, or staff organization. Waivers may be
8 requested through the Article 2 Group according to the guidelines contained in
9 Article 1.B.7. Any teacher who requested an exemption from secondary triggers
10 may withdraw the request for the following school year by June 1. For safety
11 purposes, no class excepted according to this section shall exceed seventy.
12

13 7. **Additional Impact Relief**

14 When a class exceeds the impact level, the affected employee may meet with the
15 administrator(s) to discuss possible alternatives for improving the learning
16 process. This meeting shall occur within five (5) days of the request by the
17 teacher. Any relief shall be mutually agreed upon by the administrator and the
18 teacher, and shall be implemented within ten (10) working days.
19

20 F.

21 If any teacher initially qualifies for impact assistance and then at a later date within the
22 semester, the class-size falls to or below the targeted average, these procedures will be
23 followed:
24

- 25 1. If an impact paraprofessional is hired, the District has the option to
26 relocate/reassign the paraprofessional to another needed area within the school or
27 District.
- 28 2. Any previously purchased materials and supplies will remain with the
29 classroom/school. Any previously booked field trips, etc. will be honored.
- 30 3. If the plan includes compensation for planning or overload, then the amount will
31 be prorated to reflect the actual time at impact plus five (5) additional impact days
32 (not to exceed the total number of days in semester).
33
34

1 G. **Middle and Secondary Subject Preparations.**

2 Any employee at the middle school and secondary level (6-12) will not be required to
3 accept more than three (3) subject preparations. Those employees who accept an
4 additional subject preparation at the request of an administrator shall be compensated at
5 the rate of five hundred twenty-five dollars (\$525) per semester for each subject
6 preparation beyond three (3).

1 **ARTICLE 38 -- ASSISTANCE FOR STAFF WORKING WITH SPECIAL NEEDS STUDENTS**

2
3 **A. Site-Level Special Education Resources.**

4
5 1. The parties agree that the use of resources for special education students is best
6 decided at the site. Each site is receiving resources (monies, staff, in-service) from
7 special education sources to assist staff with the implementation of program for
8 special education students. All Site-Level Special Education Resources designated
9 for Occupational Therapist (OT), Physical Therapist (PT), and Speech Language
10 Pathologist (SLP) only students will be maintained separately from the sites
11 calculations. The Building Administrator will work collaboratively with the OT's,
12 PT's, & SLP's for the expenditures necessary to serve the OT, PT and SLP students
13 of the site where these funds were generated and align with the guidelines below in
14 38.A.3. The parties agree that the use of remaining resources will be considered and
15 accessed by all Special Education team members in the building excluding OT's,
16 PT's, SLP's & Psychologists as they carry out their duties in that building. School
17 Psychologist test protocols and other testing materials shall be paid from the Special
18 Services Department Budget. The calculations and allocations will be made based on
19 the special education students enrolled at that site based upon the April count of the
20 previous year. In the event there are additional IEP students added after April, a new
21 count and calculation will be conducted on October 1st.

22 2018-2020 \$100 per special education student

- 23
24 2. Each year, the District and the Association will jointly communicate the amount
25 of resources available per site as of November 1 of that year. The use of these
26 resources will be determined by the special education staff in collaboration with
27 the building/site administrator.
28
29 3. Uses of Site-Level Special Education Resources must comply with all applicable
30 State and Federal laws and District policy. The use of these funds shall include,
31 but not be limited to, any of the following:
- 32 a. Fund impact time for specific student need that would be unmet otherwise.
 - 33 b. Pay for materials to meet teacher and student needs.
 - 34 c. Release time for special education teachers to monitor their paper flow.
 - 35 d. Release time for special education teachers to transition new students to
36 their site.
 - 37 e. Fund training to support student needs.
 - 38 f. Half-day substitute as needed for staff planning and GQP or IEP meetings.
 - 39 g. Other ideas as designed by the site to meet student and staff needs.
- 40
41
42
43
44

1 B. **Site-Level Special Education Committees.**

2 Each site will develop a process, including a committee composed of special education
3 and general education employees, to address the challenges faced at their site. Each site
4 will continue to seek solutions and create options for a continuum of services as deemed
5 appropriate through its collaborative special education committee. District Special
6 Services will assist and support sites to provide such a continuum of services. Each site
7 special education committee will review on an ongoing basis program issues such as, but
8 not limited to, the following:

- 9 1. flexibility of their site model;
- 10 2. an appropriate continuum of options, which may include, but not be limited to, an
11 autism program, a behavior disorder program, or a behavior disorder room;
- 12 3. effective collaboration between special education and general education staff; and
13 4. overall best practices and program effectiveness.
14
15

16 C. **Site-Level Collaboration Funds.**

17 Collaboration funds will be allocated to each site from district resources. These funds
18 shall be used to create collaborative relationships between general and special educators
19 to enhance programs for Special Education students. Each site shall receive collaboration
20 funds as follows: \$50,000 annually to be used by the sites (P-12) and distributed on a per
21 special education student FTE, based upon the April count of the previous year.
22

23 Possible uses of these funds include, but are not limited to, the following:

- 24 1. Pay for extended meetings outside the contracted day, including GQP (Group of
25 Qualified Professionals) and IEP (Individual Education Plan) meetings.
- 26 2. Pay for time during the summer for specialists, general educators, and special
27 education staff to plan programs for special needs students.
- 28 3. Release time as needed for collaboration between special education and general
29 education employees.
- 30 4. Pay for site-specific training.
- 31 5. Pay for teams of teachers and para-educators to meet to design and implement
32 plans.
- 33 6. Other options which promote collaboration among staff members.
34

35 D. **Program Development.**

- 36
- 37 1. Program development, including IEP and GQP processes and procedures, will be
38 developed at each site in alignment with Board policy, state and federal laws, and
39 the collective bargaining agreement.
40
41
42
43

1 2. Program development shall occur in alignment with the collective bargaining
2 agreement, including the amount of special education dollars per special
3 education student going to each building (38.A.); the options available to each site
4 for resource use (38.A.3.); and the amount of Collaboration Funds at each site and
5 the possible uses for these resources (38.C.).
6

7 E. **Placement Considerations.**

8 The Association and the District agree that great care needs to be given to the placement
9 process when assigning special needs students to classes. Placement decisions by the IEP
10 process shall consider student needs, teacher and classroom factors, and the resources
11 available for support of accommodations. Teachers serving students with special needs
12 or 504 plans will receive necessary support including training, equipment, facilities and
13 personnel. If a teacher has concerns about the appropriateness of a special education
14 student's IEP or 504 plan, including the placement and/or level of services being
15 provided and/or whether the student is benefitting from her/his IEP or 504 plan, the
16 teacher should bring this concern to the IEP or 504 team. If unresolved, the matter may
17 be referred to Article 2.
18
19

20 F. **Professional Judgment.**

21 Any teacher who determines, in his/her professional judgment, that high-impact student
22 issues are negatively impacting the learning process, may utilize the process identified in
23 Article 37, Section C. This provision extends the eligibility for Professional Judgment
24 resources to special education employees and to general education employees working
25 with special education students.
26

27 G. **District-Association Information-Sharing.**

28 The two parties recognize the value of working together to identify our special needs-
29 related successes and to identify program areas needing improvement. The District will
30 share with the Association leadership the results of any special education self-studies and
31 any state-directed monitors that take place during the term of this Agreement. The
32 District will also brief the Association leadership on any changes in federal and state
33 special education rules and regulations that take effect during the term of this Agreement.
34 The District will also share this information with bargaining unit members through site-
35 based meetings. The Association will also share with the District any information it
36 gathers regarding special education-related issues.

1 **H. Special Education Caseload.**

2 For the purpose of this section, students shall count towards caseloads when the student
3 becomes active in Skyward.

4 **1. Speech and Language Pathologists.**

5 The maximum caseload for a full time (1.0 FTE) speech and language pathologist
6 (SLP) will not exceed 50 students per FTE. Each Paraprofessional (6 hr.) that is
7 assigned to the SLP program shall count as .15 FTE when calculating caseload
8 (part-time Para hours shall be prorated into the formula).

9 Factors used in determining caseloads include but are not limited to:

- 10 a. the number of sites assigned
- 11 b. students' qualifying disabilities
- 12 c. direct therapy time determined by the IEP
- 13 d. availability and use of Paraprofessionals
- 14 e. the number of assessments and IEPs
- 15 f. assignment to the pre-school assessment team

16 The SLP team will determine sites, program coverage, and the best use of
17 Paraprofessionals, subject to the approval of the Special Services Director/designee.

18 Caseload reviews may be requested on a semester basis. In the event of inequitable
19 caseload sizes among therapists, the SLPs shall work together to make adjustments as
20 necessary.

21 *When the number of IEP students exceeds fifty (50) for more than ten (10)
22 consecutive days, relief will be provided at the rate of \$800 per semester (prorated to
23 reflect the actual time of the overload) for each SLP per FTE. Such payment will be
24 made in a lump sum at the first pay period following the end of the semester.
25
26

27 **2. Occupational Therapists and Physical Therapists.**

28 The maximum caseload for a full-time (1.0 FTE) Occupational Therapist or Physical
29 Therapist (OT/PT) will not exceed 45 students per FTE. Each fulltime COTA (Certified
30 Occupational Therapist Assistant) that is assigned to the OT program shall count as .5
31 FTE when calculating caseload (part time COTA hours shall be prorated into the
32 formula).

33 Factors used in determining caseloads include but are not limited to:

- 34 a. the number of sites assigned (including travel time and set-up/breakdown time)
- 35 b. students' qualifying disabilities
- 36 c. direct therapy time determined by the IEP
- 37 d. availability and use of Paraprofessionals
- 38 e. the number of assessments and Individualized Educational Plans
- 39 f. assignment to the pre-school assessment team

40 The OT/PT team will meet to determine sites, program coverage, and the best use of
41 Paraprofessionals subject to the approval of the Special Services Director/designee.

42 *The parties currently dispute this sentence.

PAGE 38.4

1 Caseload reviews may be requested on a semester basis. In the event of
2 inequitable caseload sizes among therapists, the OTs and PTs shall work together
3 to make adjustments as necessary.

4 *When the District average number of IEP students exceeds forty-five (45) for
5 more than ten (10) consecutive days, relief will be provided at the rate of \$800 per
6 semester (prorated to reflect the actual time of the overload) for each OT and PT
7 per FTE. Such payment will be made in a lump sum at the first pay period
8 following the end of the semester.

9
10 **4. Pre-School Program.**

11 Planning time for the Tumwater Pre-school program shall be scheduled Monday
12 through Friday of each week. Each employee will have a minimum of 200
13 minutes per week for planning time. Except in mutually agreed upon
14 circumstances, Program/District Time may be accessed for district program needs
15 up to twice per week. Additionally, any unused Program/District Time shall be
16 provided for employee planning time.

17
18 This time will not be unreasonably interrupted. Reasonable interruption shall
19 consist of parent, student, staff or evaluation conferences and will be scheduled in
20 advance when possible.

21
22 The maximum caseload will consist of seventeen (17) IEP students in 2018-19
23 and sixteen (16) IEP students in 2019-20 per full-time Pre-School teacher. Total
24 class size shall not exceed fourteen (14) students per session.

25
26 Each Pre-School teacher shall receive 6 hours of Paraprofessional time when
27 students are in attendance.

28
29
30 When the number of IEP students assigned exceeds seventeen (17) IEP students
31 in 2018-19 and sixteen (16) IEP students in 2019-20, relief will be provided at the
32 rate of \$8.50 per student per day based on daily enrollment. Such payment will be
33 made in a lump sum at the first pay period following the end of the semester.

34
35 The District will bargain any mandatory subjects related to pre-school program.

38 **5. Resource Room Teachers.**

39 The maximum caseload per site for each Special Education instructor shall be
40 twenty-seven (27) in 2018-19 and twenty-six (26) in 2019-20 students per full-
41 time certificated teacher. When the number of students exceeds twenty-seven (27)
42 in 2018-19 and twenty0six (26) in 2019-20, relief shall be provided at the rate of
43 \$8.50 per student per day based on the monthly count. Such payment will be
44 made in a lump sum at the first pay period following the end of the semester.

45 Factors used to determine class loads shall include, but are not limited to:

The Association, or its designee, will review building or faculty handbooks written for individual buildings in the District before said handbooks take effect.

1 **ARTICLE 40 -- REDUCTION IN FORCE**

2
3 In the event that the District projects a revenue loss that could result in a Reduction in Force, it
4 shall notify the Association prior to April 15. The District shall provide to the Association what
5 it believes the basis for the projected loss of revenue is to be. The District may consider
6 reductions in program, services, and personnel, but it will not reduce the workforce, place any
7 employee on furlough/layoff status or adversely affect any certificated employee in contract
8 status, on the basis of loss of revenue until the provisions of Part 1 hereunder have been
9 complied with and unless such furlough/layoff or adverse action is consistent with Part 2
10 hereunder.

11
12 The procedure shall apply equally to all certificated employees of the District except the chief
13 administrative officer (Superintendent) and those employees excluded from the Association
14 bargaining unit by law, except that the District may choose to put back on the seniority list a
15 provisional administrator. Any provisional administrator placed on the seniority list shall be
16 placed there under the following provisions:

- 17
18 A. Only seniority earned while a teacher in Washington State shall count toward placement.
19
20 B. Said placement shall take place before April 15th of any year.
21
22 C. In the event other policies, rules or regulations of this District are found to be in conflict
23 with this procedure, this procedure shall be controlling. This shall not prevent other
24 bargaining units from bargaining similar procedures, as provided by law, except that in
25 no way shall any agreement lessen or modify the protections under this section.
26

27 **Part 1** -- The District shall implement the following procedure:

28
29 A. **Budget and Budget Information.**

30 Before May 1, the Superintendent shall report to the Board and the Association identical
31 facts, figures and other material in order to determine the amount of projected revenue for
32 the coming fiscal period.
33

34 B. **Additional Revenues.**

35 The Superintendent, with counsel from the Association, shall seek out, contact, apply for
36 and negotiate for financial assistance from all known reasonable sources, and shall
37 furnish the Board and Association reports of such efforts.
38

39 The following provisions shall be considered minimum standards to consider in
40 establishing the number of certificated positions available to operate the instructional
41 program:
42
43
44
45
46
47
48

1. The lowest possible student-teacher ratio will be maintained as a matter of primary importance to the education of students.
2. All cash reserves will be planned for use, excepting only those required by law.
3. When revenues are categorical and depend upon actual expenditures rather than budgeted amounts, every effort shall be made to maintain these programs to the limit of the categorical support; i.e., vocational education, special education, transportation, etc.
4. Capabilities will be maintained to provide legally required reports and processes, instructional leadership, as well as to provide for health and safety of students and staff.

Any additional revenue which shall become available to the District at any time during the ensuing school year shall be used in accordance with the standards contained in this subsection. Should the use of said revenue allow the District to employ additional certificated staff, said staff shall be employed from the employment pool established in Part 2 of this section.

Part 2 -- In the event that after application of Part 1 above, it is determined that the necessity exists to effect a reduction in staff for the ensuing fiscal year, the following procedures will be utilized.

A. **Staffing Requirements.**

The number of certificated staff positions available to operate the instructional program shall be determined by the Board.

B. **Qualification for Seniority List.**

In order to qualify for ranking, an individual certificated employee must possess such valid Washington State certificates as may be required by law and/or state regulation and be eligible for membership in the bargaining unit represented by the Association for the purpose of bargaining, except where provided by this Article.

C. **Longevity Seniority Defined.**

1. Longevity seniority is defined as the number of years of contracted service one has accrued according to the Longevity Seniority Baseline (Item C.4.) The Seniority List shall be based on the expected time accrued by August 31 of each Contract year.
2. Contracted service includes the following:
 - a. time worked under a continuing contract, including time spent in provisional or probationary status
 - b. time worked under a leave-replacement contract
 - c. time spent on paid leave
 - d. time worked as a certificated substitute
3. Contracted service does not include the following:
 - a. time spent on unpaid leave

1 G. **Staff Selection.**

2 After subsection A through D of Part 2 have been complied with, the number of
3 certificated staff required to operate the program as defined under Part 1 above, shall be
4 selected by the Superintendent or designee in the following manner:

- 5 1. The District shall allow all employees who so choose, upon written application, a
6 leave of absence for the ensuing school year provided such leave request is
7 submitted prior to May 1. Further, any certificated employee taking such leave
8 shall be re-employed at the end of the ensuing school year at the same or
9 comparable position and/or level with no loss of rights, benefits or seniority.
10 Should revenue not be available to reemploy said individual at the end of the
11 ensuing year and implementation of this policy is again necessary, this staff
12 reduction procedure shall be applied to those individuals previously on leave in
13 accordance with its application to all other staff members.
- 14 2. Staff selection shall be made from the list in strict descending order from highest
15 to lowest listing on the basis of criteria listed in subsection B and subsection C
16 above.
- 17 3. A copy of the proposed list for retention and furlough/layoff shall be delivered to
18 the Association and original delivered to the Board not later than May 15.
- 19 4. The District shall, when assignments are made outside an employee's major area,
20 provide such opportunity for retraining, recertification, and/or orientation to the
21 new duties as may be appropriate and as may be supported within the available
22 revenues. In any event, the annual evaluations of employees so assigned shall
23 bear the notation that the assignment upon which they are then being evaluated is
24 an emergency assignment outside of their major area.
25

26 H. **Furlough/Layoff Status and/or Adverse Change in Contract Status.**

27 Those individuals not selected for retention shall be recommended for placement on
28 furlough/layoff status.
29

30 I. **Recall Procedure.**

- 31 1. All certificated employees who are on furlough/laid off status shall be placed in
32 an employment pool for recall. Employment pool personnel shall keep the
33 District Personnel Office advised of their current addresses. Employment pool
34 personnel shall be given the opportunity to fill open positions for which they are
35 qualified in subsection A above. If more than one (1) such employee is qualified
36 for an open position, the criteria set forth in subsection C shall be applied to
37 determine who shall be offered such position.
38
39
40
41
42
43
44
45

- 1 2. Any additional revenue that shall become available to the District at any time
2 shall be used in a manner consistent with the guidelines and procedures specified
3 in Part 1, and any resultant certificated employment opportunities shall be filled
4 by recall of employees covered by this Agreement. When a vacancy occurs for
5 which any person in the employment pool qualifies, notification from the school
6 district to such individual will be by certified or registered mail. Such individual
7 shall have fourteen (14) calendar days from receipt of the letter to accept the
8 position. If any individual in the employment pool fails to accept a full-time
9 position for which the employee is eligible or fails to receive the employment
10 notice because the District was not kept up to date of the individual's address,
11 pursuant to this procedure, such individual shall be dropped from the recall list.
- 12 3. At the end of the school year in which any instructional program pursuant to Part 1.C
13 is to be implemented, the certificated staff members remaining in the employment
14 pool shall be offered contracts for available certificated positions for which they are
15 qualified as per Part 2.B. In the event there are not sufficient positions to offer
16 contracts to all employment pool personnel, the employment pool shall be
17 reestablished. The District shall exhaust the recall pool before it hires any additional
18 certificated staff for positions covered by this Agreement. The District shall draw its
19 substitutes from the recall pool to the extent they are available and qualified.

20
21 J. **Application to Law.**

22 No provision of this policy shall be construed as an abrogation of the rights of any
23 certificated employee, pursuant to RCW 28A.405 nor an abrogation of any of the
24 District's or the Association's responsibilities under state law.
